5 CHAIRMAN'S STATEMENT

RIDING THE WAVES WITH CLEAR DIRECTION

2015 was a tough year, with the second half particularly challenging. Nevertheless, we were able to achieve relatively good results. We work hard to serve our customers and our customers' customers. We help our customers stay competitive through increased efficiency and reduced costs. We are providing more sophisticated, multi-country solutions to them in an expanding global network.

Greater China remains at our core. Despite the current slowdown, mass consumption continues to grow. Going forward, we are guided by China's 13th five-year plan. With the progressive implementation of "One Belt One Road", we see China steadily integrating the economies of its neighbours in an ever-widening circle.

Kerry Logistics is becoming the major logistics provider for both the overland and maritime Silk Roads of the 21st Century. As Asia's leading 3PL specialist, we are rapidly building a range of capabilities in Southeast Asia, taking advantage of ASEAN's economic integration. We are also expanding our presence in South Asia (especially India), Middle East and Central Asia (including Russia).

In recent months, uncertainties in the Chinese economy reverberated worldwide, which shows the growing importance of China and wider Asia to the global economy. In the coming years, the biggest growth in global logistics is intra-Asian and between Asia and the rest of the world. Kerry Logistics is well-positioned for this growth. We are systematically widening our network in Europe, the Americas and Africa to improve the logistics support for growing Asian trade with the rest of the world.

Our key strength is internal – our people and our culture. As our business expands, we take in experienced industry professionals with good reputations. We also recruit management trainees of different nationalities and backgrounds, speaking different languages. We imbue them with a corporate ethos based on meritocracy, emphasising integrity and service to customers. By internalising diversity within Kerry Logistics, we help our customers cross borders and cultural domains.

While we expect the coming year to be a difficult one, we also see an opportunity to serve our customers better. In difficult times, management attention is naturally focused on cutting cost and improving productivity. Good logistics can make a decisive difference. The strengths of Kerry Logistics are more obvious during challenging times. We have every intention to ride the waves and streak ahead.

George Yeo
Chairman

6 MANAGEMENT DISCUSSION AND ANALYSIS

OVERALL RESULTS

Turnover of the Group was maintained at HK\$21,079 million in 2015 (2014: HK\$21,115 million) against a tough global backdrop. With its focus placed on strengthening capabilities and profitability, the Group's core operating profit increased by 12% to HK\$1,805 million (2014: HK\$1,612 million). Core net profit rose in tandem by 9% year-on-year to HK\$1,061 million (2014: HK\$976 million). Valuation gains on investment properties, net of deferred tax and non-controlling interests' share, amounted to HK\$743 million (2014: HK\$683 million).

Segment turnover generated from IL in the year amounted to HK\$11,106 million (2014: HK\$10,659 million), representing an increase of 4% from 2014. The amount comprises HK\$859 million (2014: HK\$797 million) contributed by Hong Kong Warehouse and HK\$10,247 million (2014: HK\$9,862 million) by logistics operations. Segment profit for the year was HK\$1,636 million (2014: HK\$1,450 million), of which HK\$511 million (2014: HK\$476 million) was from Hong Kong Warehouse and HK\$1,125 million (2014: HK\$974 million) from logistics operations. In terms of segment profit margin, Hong Kong Warehouse remained stable while logistics operations recorded an increase to 11.0% (2014: 9.9%). The growth was mainly attributable to the expansion of the Group's IL business in Greater China and ASEAN countries.

IFF segment reported turnover of HK\$11,445 million (2014: HK\$12,140 million) and profit of HK\$361 million (2014: HK\$337 million) for 2015. With the strengthening of IFF network and improvement in operational efficiency, the Group achieved an increase in IFF segment profit by 7% year-on-year with improvement in profit margin despite the slight drop in turnover.

The following table reconciles core net profit to profit attributable to the Shareholders for the year ended 31 December 2015:

	2015 HK\$ million	2014 HK\$ million
Core net profit	1,061	976
Valuation gains on investment properties, net of deferred tax	743	683
Profit attributable to the Shareholders	1,804	1,659

OUR GLOBAL NETWORK

CONTINUOUS GROWTH THROUGH CHALLENGES

In 2015, Kerry Logistics forged ahead with resilience against headwinds. The macroeconomic volatilities, instabilities in Europe, currency fluctuations across Asian nations, and China's slowing GDP growth exerted pressure at an increased magnitude. Despite these challenges, the Group continued to implement its strategic plans and delivered sustainable increase in core earnings for the seventh year in a row. Solid growth was reported in all major markets except Europe. The performance demonstrated the underlying strengths of the Group's unique business models and operations on an expanded scale.

Kerry Logistics reported a 12% growth in core operating profit in 2015. All segment profits attained healthy growth as the Group continued to apply its core competencies of providing highly customised solutions to niche industries. The Group also reaped benefits from the successful integration of previous acquisitions, which complemented the Group's network and service capabilities, enabling it to provide more sophisticated service offerings to clients and improve margins through enhanced operational efficiency.

The strong performances led by Hong Kong and Taiwan were especially encouraging. The improvement in profitability was also in part due to efforts made in cost control and the pursuit of operational excellence. With an ever-growing international footprint, the Group started centralising certain support functions to leverage economies of scale for shared knowledge and resources at more competitive cost structures.

A DIVERSIFIED REGIONAL FACILITY PORTFOLIO

The Group operates with an asset ownership model which enables it to offer greater reliability and flexibility to customers. As at 31 December 2015, the Group managed a logistics facility portfolio of 45 million square feet, of which 24 million square feet were self-owned.

In Mainland China, the 592,000 square feet logistics facility at Chengdu Longquan commenced operation in 2015 2H. Construction progressed at two facilities in Xi'an and Wuxi, with target completion in 2016 1H and 2017 2H respectively. These two facilities will supplement an additional 480,000 square feet of logistics facilities to the Group's portfolio in the country. In Shanghai, the construction of a 1.1 million square feet logistics facility is underway. Upon completion, it will be the largest facility of the Group in Mainland China.

In Thailand, phase one of the Kerry Bangna Logistics Centre was completed in 2015 Q2 and now serves as a new sorting centre for Kerry Express and a fulfillment centre for e-commerce customers. Following the addition of a new warehouse and a new Inland Container Depot at Kerry Siam Seaport ("KSSP") in 2014, phase four expansion of KSSP commenced in December 2015 as the Group continues to strengthen its operations to develop the facility into a key cargo gateway for the increasing trade in ASEAN. The expansion will cope with the rising business demands in countries within the Greater Mekong Region including Thailand, Cambodia, Myanmar and Laos. The project will see berths double at the facility with the number of operational berths increasing from 10 to 20 and total length extending from 1.5 km to 2.8 km. Together with an additional bridge connecting to the port, the construction is expected to be completed by 2019.

In Cambodia, the Group held a groundbreaking ceremony at Khan Dangkor, Phnom Penh in July 2015 for the construction of a 213,000 square feet warehouse in the bonded zone to provide customers with import and export logistics services.

Meanwhile, the Group disposed of one of its facilities, the Fuzhou Logistics Centre, in Fujian province of Mainland China in May 2015 as part of its long-term strategy to enhance the asset quality and productivity of its facility portfolio. The Group will continue to monitor and review its portfolio of assets to ensure optimal utilisation and operational efficiency.

In March 2015, the Group invested in PT Puninar Saranaraya, one of Indonesia's largest logistics companies to expand its business in the country. Indonesia has a high demand for quality inter-island logistics services, bringing immense growth opportunities.

In Myanmar, the Group was awarded concession to operate inland ports in Yangon and Mandalay. Linked by railway to major routes in the country, these inland ports will serve as hubs for importers, exporters and domestic logistics service providers.

In January 2016, Kerry Logistics completed the restructuring of its IFF operation in Singapore by investing in 75% stake in Transpeed Cargo (S) Pte. Ltd. ("Transpeed"), a leading air freight company in the country. With the incumbent management of Transpeed and Kerry Logistics' existing network, the transaction will further enhance the Group's IFF capability in Singapore as well as in Southeast Asia.

MIDDLE EAST

In March 2015, Kerry Logistics strengthened its IFF capacity and network in the Middle East through acquiring a controlling stake in Able Logistics Group FZCO, an established international freight forwarder headquartered in Dubai. The investment expands Kerry Logistics' capabilities in the Middle East and enables it to offer global connections through a round-the-clock transit hub linking Asia to the Middle East, Europe and Africa. The emerging markets constitute a major area of growth of the Group, and effective business integration has been a key component towards that goal.

CANADA

Kerry Logistics acquired majority stakes in Total Logistics Partner (TLP) Ocean Consolidators Inc. and Total Logistics Partner (TLP) Air Express Inc. (collectively, "TLP"), two Canadian freight forwarding companies focusing on Asia-Canada trade. Soon after its joining the Group in January 2015, TLP was successfully integrated into the Group's network and delivered solid growth in 2015. It was subsequently renamed as Kerry Logistics (Canada) Inc. in February 2016.

UNITED STATES

Following the memorandum of understanding signed with a top ten NVOCC in the US (in 2014) in March 2015, definitive agreements were signed in March 2016, with completion of acquisition expected in 2016 1H. Specialising in trans-Pacific trade lanes, the target company offers a full suite of services from ocean and air freight, customs brokerage, to logistics solutions in the US. This is a significant step for the Group as part of its long-term IFF strategy. The acquisition will bring substantial increases in volume and profitability for the Group and is expected to contribute to segment earnings as early as 2016.

HONG KONG WAREHOUSE

The Group's Hong Kong warehouse portfolio comprises nine warehouses with a combined GFA of 5.1 million square feet. It maintained nearly full occupancy and achieved double-digit growth in rentals for successful contract renewals during the year.

Unleashing the potential of its facility portfolio has been one of the key objectives of the Group. The Group has resubmitted an application to the Town Planning Board of Hong Kong during 2015 Q4 to convert one of its warehouse facilities in Chai Wan into a columbarium. The project aims to alleviate the acute shortage of niches in Hong Kong, and provide social benefits by harmonising the current supply-demand imbalance issue. The Group's application, first submitted in the year under review, was amended in response to local community's concerns and views, including a 30% reduction in capacity, introduction of a strict "triple access control" system, as well as environmental beautification measures, all in an effort to minimise potential negative impact on residents and the surrounding area. The proposed investment looks to raise Hong Kong's current columbarium design and functionality to international levels to ensure the best possible standards for our citizens. The application has yet to be approved, and the Group will give updates when progress is made.

SUSTAINABLE GROWTH THROUGH SHARED RESOURCES AND INNOVATION

CENTRAL SERVICE CENTRE IN NANNING

The Group opened a new central service centre in Nanning, Mainland China in October 2015, aiming to enhance operational efficiency and service competitiveness. Dedicated to the centralisation of all document data entry for Greater China, the centre targets to handle ocean data input for Mainland China and Hong Kong by mid-2016 and expand to cover data input for other IFF and IL products in the future. To support the centre's operations, the Group has developed a number of proprietary e-filing and data storage systems to promote shared knowledge and resources among different offices and meet the ever-changing market needs.

NEW IT DEVELOPMENT CENTRE

The Group opened its first IT development centre in Penang, Malaysia in January 2016 to harness internet technology in support of its rapidly growing international operation and rising demand for IT application system. As part of its overall IT development strategy, Kerry Logistics will leverage Penang's established strength and use it as a base for an offshore IT support centre to share resources amongst different offices globally, in a bid to increase operational efficiency.

AWARD-WINNING ROBOTIC FULFILLMENT SOLUTIONS

In 2015 Q3, the Group introduced seven fully automated and programmed robotic butlers at its flagship facility PC³ in Hong Kong. Kerry Logistics is one of the first 3PLs in Asia to adopt robotic butlers in its operations to enhance fulfillment efficiency and accuracy. The robotic butlers operate 24/7 and can pick at a rate four times faster than in the normal course. The solution is ideal for retail brands which sell a wide variety of consumer products with potentially expanding e-commerce business.

CONTRIBUTIONS FROM ASSOCIATES

Contributions from the Group's investments in two associates posted an encouraging 13% year-on-year growth in 2015 to HK\$103 million (2014: HK\$91 million). The investments included mainly a 25% interest in Chiwan Container Terminal in Mainland China, and a 15% interest in the Asia Airfreight Terminal in Hong Kong.

OUTLOOK

2016 will no doubt bring a fair share of challenges and opportunities. The slowdown in Mainland China, one of the world's largest economies, is expected to have widespread effects globally. Despite this, the Group remains optimistic that the Belt and Road Initiative will continue to be a driving force for the economy and create opportunities in the country and abroad. The Group will make strategic investments to leverage Mainland China's increasing connectivity with the rest of the world, especially links to Western Europe and the CIS countries, accessing potential markets with growth prospects. With the acquisition of a top 20 air freight company in Taiwan, the Group expects to benefit from strengthened IFF capabilities and further integrations among its operations in Hong Kong, Taiwan and Mainland China.

ASEAN will continue to be a strategic area of growth for Kerry Logistics. The Group will continue to ride on its established express service platform in Thailand and Vietnam, its up and coming businesses in Cambodia and Malaysia, and add in planned entrances into Singapore, Indonesia, the Philippines and Laos in 2016 to further enhance its coverage and capabilities. The Group will also seek accelerated growth by developing an integrated Greater Mekong Region platform through the inland ports in Yangon and Mandalay.

E-commerce will remain an important growth factor for Kerry Logistics in the coming years. Having launched the first cross-border e-commerce logistics service in Ningbo, Mainland China, the Group looks to expand into other cross-border trade pilot cities and zones. The Group plans to grow in tandem with the increasing scope and scale of the e-commerce trade to provide integrated cross-border logistics and supply chain solutions for a new era of strategic commercial partners.

Internationally, Kerry Logistics is devoted to growing organically and through selective mergers and acquisitions. The emerging markets will be vital for the Group as it increases investments in India, Africa and the Middle East. Despite weakness in Europe, Kerry Logistics will continue to expand into niche markets whilst rationalising overall European operations. The Group has realised contributions from the successful integration of its acquisitions in Canada, Mexico and Oceania. The US acquisition of one of the top

ten NVOCC companies set to be completed in 2016 1H will also strengthen the Group's trans-Pacific coverage and provide position synergy effects as it works towards its strategic objective of becoming a global player.

The investment and expansion shall be financed by the Group's internal resources and/or bank borrowing.

In the year ahead, Kerry Logistics is committed to delivering progressive results. With its solid foundation, and keen eye for integrating suitable acquisitions and mergers into its expanding network, the Group is confident of maintaining sustainable growth and improved profitability.

F I N A N C I A L R E V I E W

On 19 December 2013, the Company was listed on the Stock Exchange. The net proceeds from the Global Offering, including the over-allotment option exercised subsequently, was approximately HK\$2,378 million, after deducting underwriting fees and relevant listing expenses. The net proceeds were fully utilised as of 31 December 2015 based on the original planned allocation.

The Group has centralised financing policies and control over all its operations. With tight control on treasury operations, average cost of funds is lowered.

Most of the Group's assets and liabilities are denominated in different functional currencies of overseas subsidiaries in their respective countries. The Group generally does not enter into foreign exchange hedges in respect of its long-term equity investments in overseas subsidiaries and associates. In respect of the depreciation of Renminbi since early 2015, the net exposure in terms of its potential impact on both profitability and financial position of the Group is considered not material. For the foreign currency exposure arising from business activities, certain subsidiaries used forward contracts to hedge their foreign exchange exposure from trading transactions during the year, the amount of which was insignificant to the Group. The Group will continue to closely monitor its foreign exchange position and if necessary, hedge its foreign exchange exposure by entering into appropriate hedging instruments. As at 31 December 2015, total foreign currency borrowings amounted to the equivalence of HK\$1,963 million (including HK\$1,367 million denominated in New Taiwan Dollar and HK\$275

million denominated in Thai Baht), which represented approximately 38% of the Group's total bank loans of HK\$5,170 million.

Out of the Group's total bank loans as at 31 December 2015, HK\$2,369 million (representing approximately 46%) was repayable within one year, HK\$494 million (representing approximately 10%) in the second year, HK\$2,281 million (representing approximately 43%) in the third to fifth years and HK\$26 million (representing approximately 1%) over five years. The Group maintains most of its bank loans on an unsecured basis, with unsecured debt accounted for approximately 92% of total bank loans. In relation to the secured bank loans of HK\$439 million and other banking facilities as at 31 December 2015, the securities provided include legal charges over certain non-current assets with aggregate net book value of HK\$2,606 million; assignments of insurance proceeds of certain properties; and certain balances of restricted and pledged deposits. A majority of the bank loans were borrowed at floating interest rates and were not held for hedging purposes.

As at 31 December 2015, the gearing ratio for the Group was 33.8% (31 December 2014: 29.3%). The ratio was calculated as total bank loans and overdrafts, divided by equity attributable to the Shareholders.

As at 31 December 2015, the Group had total undrawn bank loan and overdraft facilities of HK\$6,847 million. The Group will continue to secure financing as and when the need arises.

S T A F F A N D R E M U N E R A T I O N P O L I C I E S

As at 31 December 2015, the Group had approximately 22,500 employees. The remuneration to employees includes salaries maintained at competitive levels while bonuses are granted on a discretionary basis. The Group provides training to its staff to enhance technical and product knowledge. The Group's remuneration policies are formulated based on the performance of individual employees. Other employee benefits include provident fund, insurance, medical, sponsorship for educational or training programmes, share option schemes and RSU scheme.

7 CORPORATE SOCIAL RESPONSIBILITY REPORT

CONTINUED COMMITMENT AND COLLABORATIVE EFFORT

As Asia's leading logistics service provider, Kerry Logistics understands that creating a better world starts with one person, but continuous change comes from the joint efforts of the group. While dedicated to innovative logistics solutions that serve our customers' needs, we recognise corporate responsibility as fundamental to our vision, mission and core values. With primary focus on employee engagement, sustainable development and community outreach, CSR has been tightly integrated into our overall management and daily operations as we continuously strive for excellence.

Our CSR programme is reinforced by our three interlinking pillars: people, environment and community. Our determination to preserve sustainable growth has been recognised when we became a Hang Seng Corporate Sustainability Index Series Member 2015-2016. We are proud to share the following collaborative accomplishments as we continue in our commitment to responsibility and sustainability.

PEOPLE

Kerry Logistics continues to nurture and develop our most important asset by maintaining a strong team of employees to meet the challenges of our industry. The success of our company is only made possible by creating a fulfilling work environment. Around the world in 40 countries, we created values for our people by providing them with rewarding careers, workplace quality and work-life balance. We built team spirit and strengthened ties among colleagues through organised group activities, and awarded staff recognition to enhance leadership, motivation and collaboration for continuous improvements.

We respect our people for their spirited willingness to learn, their sharing of bold ideas and their genuine passion for success. During the year, the Group conducted a total of 7,100 hours of training programmes with 2,400 attendees in its Hong Kong head office.

In addition, we organised internship exchange programmes with industry peers, hosted tours for university students and the media, and participated in recruitment days and career forums to bring in new clusters of talent. Since 2001, our MT Programme has continued to successfully nurture future generations to lead our business in a highly competent manner. In 2015, management trainees were recruited from Hong Kong, for a year of structured on-job rotation, to both Integrated Logistics and International Freight Forwarding. Trainees are developed through hands-on experience and participation in the design, implementation and evaluation of real-work projects that allow them to apply their learning, build up all-rounded competencies and tackle future challenges at large.

Below are some of the corporate events our colleagues participated in around the globe:

DEVELOPING OUR CORPORATE CULTURE

During the year, Kerry Logistics unveiled a new employee welcome video dedicated to all new joiners, familiarising them with our core values of VOICE: Value Creation, Openness, Integrity, Commitment and Excellence. Right from the start, we hope to inspire a firm understanding and strong corporate culture into every person on our team.

CULTIVATING GLOBAL TEAM SPIRIT

Throughout the year, members of Kerry Logistics' team from around the world participated in a myriad of activities and events to foster team spirit and strengthen ties amongst colleagues. From football matches in Europe, to dart and badminton tournaments in Hong Kong and Thailand, company participants spent quality time together outside of the workplace to build our global team spirit. As our international footprint extends further across the globe, we are excited to see our worldwide team grow in tandem.

MAINTAINING WORK-LIFE BALANCE

Besides providing the optimal working environment, Kerry Logistics is a firm believer of ensuring our team members are able to lead all aspects of their life to the fullest. In July 2015, the employee welfare committee of our Thailand branch presented scholarships to children of colleagues for the second consecutive year, aiming to enrich the family lives of our employees and the people matter to them. In keeping with the spirit of ensuring our people keep up with personal commitments, during 26-30 October 2015, we participated in the Work-Life Balance Week organised by Community Business for the seventh consecutive year. Colleagues were encouraged to leave on time and do more exercise with company allowance during the week.

IMPROVING WORKPLACE QUALITY

The health and safety of our employees continue to be a leading priority for us. Kerry Logistics provides occupational health and safety programmes for all staff with focus on safety in the workplace and maintenance of a healthy lifestyle. We also supplement our corporate medical plan with complementary vaccinations and health screening programmes, to ensure the well-being of our people. We understand that whilst work is an important aspect of our employees' lives, their health should always come first.

ENVIRONMENT

As a global citizen, Kerry Logistics understands the importance of environmental sustainability and protection. We pledge to achieve sustainable growth while minimising any impact our logistics operations may have. Our green initiatives have continued to bring positive effects to each corner of the world we touch. By adopting environmentally-friendly and energy efficient designs in our office, our concepts are put into practice. We establish and commit to short and long-term environmental goals and apply protective measures to our daily operations wherever possible. Moreover, we continue to discover potential areas where we can expand on the scope and scale of our green efforts. Besides the initiatives listed below, please refer to our environmental policy statement for further details.

THE 22ND GREEN POWER HIKE

Our Hong Kong team participated in the annual fundraising walkathon of Green Power Hike organised by Green Power for the eighth time and completed the full and half trails on 7 February 2015. The hike aims to raise funds for environmental education in Hong Kong.

EARTH HOUR 2015

On 28 March 2015, we joined Earth Hour organised by WWF for the fourth time by switching off our outdoor billboard lights and encouraged colleagues to turn off all non-essential lights for one hour to support global sustainability.

GREEN ROAD RUN 2015

On 3 October 2015, our member company Kerry TJ Logistics and the Chinese Taipei Association of Ultrarunners co-organised the Green Road Run for the second consecutive year. The event was supported by more than 2,000 participants from the company and the public and raised funds for "United Way" in Taiwan which works with local charities to coordinate fundraising efforts through a single fundraising campaign.

WWF WALK FOR NATURE

On 7 November 2015, we took part in the Walk for Nature walkathon organised by WWF in Mai Po Nature Reserve for the second consecutive year with 15 colleagues and their family members. The Walk aims to raise public awareness about Hong Kong's precious wetland environment and raise funds to support its conservation work.

COMMUNITY

Kerry Logistics cares about the communities in which we live and work. We do our utmost to support those in need through participating in community services, charities, education and project sponsorships. To us, giving back means combining our team's effort, passion and time with our logistics expertise, transportation assets and charitable donations to make a difference in our global communities. The compassion, determination and perseverance of our people remain the key to our delivery of positive results to benefit our worthwhile causes. Below are some of the contributions we have made to our communities this year:

THE COMMUNITY CHEST CORPORATE CHALLENGE 2015

A group of more than 30 fellow colleagues joined the Community Chest Corporate Challenge on 18 January 2015 for the 11th consecutive year to raise funds to enhance services for the physically disabled and improve the rehabilitation and aftercare services for the elderly supported by the Community Chest.

STANDARD CHARTERED HONG KONG MARATHON 2015

Over 50 fellow colleagues completed the full/half marathons and 10K run in the Standard Chartered Hong Kong Marathon on 25 January 2015 for the fifth consecutive time. The marathon supports three charitable institutions and initiatives: Seeing is Believing by ORBIS, the Hong Kong Paralympic Committee & Sports Association for the Physically Disabled and the Hong Kong Anti-Cancer Society.

HELPING FLOOD VICTIMS

In January 2015, our local teams in Malaysia initiated a donation drive to assist those who were severely affected by the heavy floods in the country. We collected 36 tonnes of food, drinking water and daily necessities and delivered them to flood victims. Volunteers of this mission included our staff and their family members.

SUPPORTING SUNRISE LIBRARY

In early March 2015, we set up the Noel Fund with three other freight companies to support the Reading Corner programme established by the charity Sunrise Library in Mainland China for the next three years. Sunrise Library is dedicated to setting up libraries for elementary schools in poor regions of Mainland China.

RACE FOR WATER 2015

On 22 March 2015, over 20 colleagues participated in the Race for Water 2015 organised by A Drop of Life for the fifth consecutive year to raise funds for the construction of water cellars in arid areas of Mainland China.

GIVING HELP TO FOOD BANKS

In Taiwan, we signed a letter of intent with Taichung City, Changhua County and Nantou County on 21 April 2015 to provide free cold storage and distribution services for local food banks to cover the supply of fresh and perishable food for families in need.

CHARITABLE SUPPORT FOR SAHK

On 25 April 2015, we sponsored the Singapore Association of Hong Kong's Gala Ball to celebrate its 40th anniversary and also the 50th anniversary of Singapore. Part of the proceeds of the ball will go towards supporting two charity organisations in Hong Kong: Viva China Children's Cancer Foundation and the Make-A-Wish Hong Kong Foundation.

KIDS4KIDS' SHARING FOR A CAUSE

In May 2015, for the second time, we sponsored logistics support to the Kids4Kids' Sharing for a Cause campaign, aimed at collecting small household appliances and educational toys for underprivileged families in Hong Kong. We coordinated the delivery and collections of over 280 boxes of donations across the city.

ORBIS – PLANE PENDANT CHARITY SALES

In June 2015, we supported ORBIS through its 2015 Plane Pendant Charity Sales for the fourth year. All donations will be allocated to support ORBIS in providing tools, training and technology for local doctors and other healthcare personnel to develop workable and lasting solutions against avoidable blindness in Mainland China.

HELPING CHILDREN IN NEED

On 18 June 2015, we supported Singapore International School to deliver more than 12,000 canned foods to over 300 disadvantaged children in Hong Kong through the ChickenSoup Foundation – a local philanthropic organization that empowers at-risk children of underprivileged communities.

ORBIS – WORLD SIGHT DAY

On 8 October 2015, we once again showed our support to ORBIS by participating in World Sight Day for the fifth consecutive year through donations to the pin campaign in Hong Kong. The campaign aims to bring hope to those at risk of preventable blindness across the globe.

24HR CHARITY PEDAL KART GRAND PRIX

During 14-15 November 2015, we joined the Hong Kong 24 Hour Pedal Kart Grand Prix for the second consecutive year. Organised by The Association of Round Tables in Hong Kong, the event aims to raise funds for the underprivileged and handicapped in our community.

LOVE TEETH DAY

On 2 December 2015, we participated in The Community Chest – Love Teeth Day jointly organised by The Community Chest, Hong Kong Dental Association and Oral Health Education Unit of Department of Health for the first time. Proceeds without deduction will be used to enhance oral health services for the needy.

OPERATION SANTA CLAUS

During November to December 2015, we supported Operation Santa Claus, organised by the South China Morning Post and Radio Television Hong Kong, for the second consecutive year by participating in its fund-raising shoes design competition. Proceeds will go to 22 beneficiaries to aid children, the elderly and the mentally and physically challenged in Hong Kong and Mainland China.

SUPPORTING FOOD BANK FOUNDATION

In December 2015, our Spain branch made a charitable donation to the Food Bank Foundation for the third year in a row. The foundation is a non-profit organisation aimed at helping people affected by hunger and raise public awareness over the problem of hunger.

CARING COMPANY

In recognition of our charitable contributions and participation in community service, the Group has been named a "Caring Company 2014-2015" by the Hong Kong Council of Social Service for the fifth consecutive year.

9 CORPORATE GOVERNANCE REPORT

The Board of the Company is pleased to present this Corporate Governance Report in the Group's annual report for the year ended 31 December 2015.

CORPORATE GOVERNANCE PRACTICES OF THE COMPANY

The Group is committed to achieving high standards of corporate governance to safeguard the interests of Shareholders and to enhance corporate value and accountability.

The Company has applied the principles and code provisions as set out in the CG Code and its corporate governance practices are based on such principles and code provisions as set out in the CG Code. The Directors consider that for the year ended 31 December 2015, the Company has complied with the code provisions as set out in the CG Code.

The Company recognises the importance of transparency in governance and accountability to Shareholders. The Board believes that Shareholders can maximise their benefits from good corporate governance. Therefore, the Company regularly reviews its corporate governance practices to ensure alignment with generally acceptable practices and standards.

During the year ended 31 December 2015, the Company has received the Hong Kong Corporate Governance Excellence Awards 2015, jointly presented by The Chamber of Hong Kong Listed Companies and the Centre for Corporate Governance and Financial Policy, Hong Kong Baptist University. The Awards serve as recognition of the Company's high standards in corporate governance, particularly in nine key aspects, namely shareholder rights, compliance, integrity, fairness, responsibility, accountability, transparency, board independence and leadership, and corporate social responsibility.

A THE BOARD

1 RESPONSIBILITIES OF THE BOARD

The Board is responsible for the leadership and control of the Company and is responsible for promoting the success of the Company by directing and supervising its affairs. The Board has established Board committees and has delegated to these Board committees various responsibilities as set out in their respective terms of reference. All relevant terms of reference (except for the Finance Committee and the Risk Management Committee) are published on the websites of the Stock Exchange and the Company.

All Directors have carried out their duties in good faith and in compliance with the standards of applicable laws and regulations, and have acted in the best interests of the Company and its Shareholders at all times. The biographical details of the Directors are set out in the section headed "Directors and Senior Management" of this annual report.

The Company has arranged appropriate directors and officers liability insurance in respect of legal action against the Directors. For more details, please refer to the section headed "Directors' Permitted Indemnity Provision" in the Report of Directors on page 65 of this annual report.

2 DELEGATION OF MANAGEMENT FUNCTION

The Board is responsible for making all major decisions of the Company including: the approval and monitoring of all major policies of the Group, overall strategies and budgets, internal control and risk management systems, notifiable and connected transactions, nomination of directors, Company Secretary and other significant financial and operational matters.

All Directors have full and timely access to all relevant information as well as the advice and services of the Company Secretary, with a view to ensuring that Board procedures and all applicable rules and regulations are followed. Each Director is entitled to seek independent professional advice in appropriate circumstances at the Company's expense.

The day-to-day management, administration and operation of the Company are delegated to the senior management. The delegated functions are periodically reviewed by the Board. Approval has to be obtained from the Board prior to any significant transactions entered into by the abovementioned officers.

3 BOARD COMPOSITION

The Board comprises the following Directors:

Executive Directors

Mr YEO George Yong-boon (Chairman)
Mr MA Wing Kai William (Group Managing Director)
Mr ERNI Edwardo
Mr KUOK Khoon Hua

Non-executive Director

Mr CHIN Siu Wa Alfred

Independent Non-executive Directors

Ms WONG Yu Pok Marina
Mr WAN Kam To
Mr YEO Philip Liat Kok

The list of directors (by category) is also disclosed in all corporate communications issued by the Company from time to time pursuant to the Listing Rules. The Independent Non-executive Directors are expressly identified in all corporate communications pursuant to the Listing Rules.

Save as disclosed in the Prospectus and in this annual report, to the best knowledge of the Company, there are no financial, business, family, or other material relationships among members of the Board.

4 APPOINTMENT, RE-ELECTION AND REMOVAL OF DIRECTORS

The procedures and process of appointment, re-election and removal of directors are laid down in the Bye-laws. The Nomination Committee is responsible for reviewing the Board composition, developing and formulating the relevant procedures for nomination and appointment of directors, monitoring the appointment and succession planning of directors and assessing the independence of Independent Non-executive Directors.

Each of the Directors (including Non-executive Director and Independent Non-executive Directors) has signed an appointment letter with the Company for an initial term commencing from his/her respective date of appointment until the next general meeting of the Company, at which he/she will be eligible for re-election. Upon being re-elected, the appointment of the director shall continue for a period of three years and until the conclusion of the third annual general meeting of the Company or such earlier date pursuant to the Bye-laws. The appointments are subject to the provisions of retirement and rotation of directors in accordance to the Bye-laws.

In accordance with the Bye-laws, all Directors of the Company are subject to retirement by rotation no later than the third annual general meeting after he/she was last elected or re-elected.

5 INDUCTION AND CONTINUING DEVELOPMENT FOR DIRECTORS

Each newly appointed director receives formal, comprehensive and tailored induction on the first occasion of his/her appointment, so as to ensure that he/she has appropriate understanding of the business and operations of the Company and that he/she is fully aware of his/her responsibilities and obligations under the Listing Rules and relevant regulatory requirements.

The Directors are continually provided with information related to the developments in the legal and regulatory regime and the business and market environments to facilitate the execution of their responsibilities. Continuing briefing and professional development for Directors were arranged by the Company and its legal adviser.

According to records provided by the Directors, a summary of training received by the Directors for the year ended 31 December 2015 is as follows:

PRACTICES AND CONDUCT OF MEETINGS

Annual meeting schedules and draft agenda of each meeting are made available to Directors in advance.

Notices of regular Board meetings are served to all Directors at least 14 days before the meetings. For other Board and committee meetings, reasonable notice are generally given.

Board papers together with all appropriate, complete and reliable information are sent to all Directors at least three days before each Board meeting or committee meeting to keep the Directors apprised of the latest developments and financial position of the Company and to enable them to make informed decisions. The Board and each Director also have separate and independent access to the senior management whenever necessary.

The senior management (including the general manager) attend all regular global executive committee meetings, chaired by the Group Managing Director

and where necessary, other Board and committee meetings to advise on business developments, financial and accounting matters, statutory and regulatory compliance, corporate governance and other major aspects of the Company.

The Company Secretary is responsible for taking and keeping minutes of all Board meetings and committee meetings except for the Remuneration Committee meetings, minutes of which are taken by the Chief Financial Officer of the Company. Draft minutes are normally circulated to Directors for comment within a reasonable time after each meeting and the final version is open for Directors' inspection.

The Bye-laws contain provisions requiring directors to abstain from voting and not to be counted in the quorum at meetings for approving transactions in which such directors or any of their associates have a material interest.

7 INDEPENDENT NON-EXECUTIVE DIRECTORS

During the year, the Board at all times met the requirements of the Listing Rules relating to the appointment of at least three Independent Non-executive Directors representing at least one-third of the Board and at least one Independent Non-executive Director possessing appropriate professional qualifications, or accounting or related financial management expertise.

Prior to their respective appointment, each of the Independent Non-executive Directors has submitted a written statement to the Stock Exchange confirming their independence and has undertaken to inform the Stock Exchange as soon as practicable if there is any subsequent change of circumstances which may affect their independence. The Company has also received a written confirmation from each of the Independent Non-executive Directors in respect of their independence. The Company considers all Independent Non-executive Directors to be independent in accordance with the independence requirements set out in the Listing Rules.

The Independent Non-executive Directors take an active role in Board meetings, contribute to the development of strategies and policies and make sound judgment in various aspects. They will take lead when potential conflicts of interest arise. They are also members of various Board committees and devote sufficient amount of time and attention to the affairs of the Company.

B CHAIRMAN AND CHIEF EXECUTIVE

Code Provision A.2.1 stipulates that the roles of chairman and chief executive should be separate and should not be performed by the same individual.

The Chairman of the Board is Mr YEO George Yong-boon, who provides leadership for the Board and is responsible for chairing the meetings, managing the operations of the Board and ensuring that all major and appropriate issues are discussed by the Board in a timely and constructive manner. He is also responsible for setting the strategic vision, direction and goals of the Group and he participated in the Group's strategic and key operational decision-making processes. He is the primary responsible person for ensuring that good

corporate governance practices and procedures are established, and that appropriate steps are taken to provide effective communication with Shareholders and that their view are communicated to the Board as a whole.

The Group Managing Director is Mr MA Wing Kai William, who performs the functions of the chief executive and is responsible for overseeing the operations, investment as well as exploring new business opportunities for the Group.

To facilitate discussion of all key and appropriate issues by the Board in a timely manner, the Chairman of the Board co-ordinates with the senior management to provide adequate, complete and reliable information to all Directors for consideration and review.

C BOARD COMMITTEES

The Board has established five committees, namely, the Remuneration Committee, Audit and Compliance Committee, Nomination Committee, Finance Committee and Risk Management Committee, for overseeing particular aspects of the Company's affairs. All of these five committees of the Company are established with defined written terms of reference.

The majority of the members of the Remuneration Committee, Audit and Compliance Committee and Nomination Committee are Independent Non-executive Directors. The members of the Finance Committee are Executive Directors, while members of the Risk Management Committee are Executive Directors and members of the senior management.

The Board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expense.

1 REMUNERATION COMMITTEE

The Board has established a remuneration committee with written terms of reference in compliance with paragraph B.1 of the CG Code. The Remuneration Committee consists of three Independent Non-executive Directors, being Mr WAN Kam To, Ms WONG Yu Pok Marina and Mr YEO Philip Liat Kok, and two Executive Directors, being Mr YEO George Yong-boon and Mr MA Wing Kai William. The chairman of the Remuneration Committee is Mr WAN Kam To.

The primary duties of the Remuneration Committee include, but are not limited to: (i) making recommendations to the Board on the policy and structure for all remuneration of Directors and senior management and on the establishment of a formal and transparent procedure for developing policies on such remuneration; (ii) reviewing and approving the management's remuneration proposals with reference to the Board's corporate goals and objectives and ensuring that it is consistent with contractual terms and are reasonable and appropriate; and (iii) determining the terms of the remuneration package of the Directors and senior management with reference to their time commitment and responsibilities, and employment condition in the Group, and comparable companies.

The Remuneration Committee held five meetings during the year ended 31 December 2015 to consider the reports and recommendations on the remuneration policy of the Company from external human resources consultant, to review the remuneration policy and structure of the Company, to make recommendations to the Board on determining the annual remuneration packages of the Executive Directors and the senior management and other related matters.

The attendance records of the Remuneration Committee are set out below:

Name of Director	Board Capacity (during the period of membership)	Meetings attended/ eligible to attend
Mr YEO George Yong-boon	Chairman	5/5
Mr MA Wing Kai William	Group Managing Director	5/5
Ms WONG Yu Pok Marina	INED	5/5
Mr WAN Kam To (Chairman)	INED	5/5
Mr YEO Philip Liat Kok	INED	4/5

The Remuneration Committee has the delegated responsibility to determine the remuneration packages of the individual Executive Directors and the senior management.

The remuneration for the Executive Directors and senior management comprises salary and discretionary bonus.

Salaries are reviewed annually. Salary increases of Executive Directors and senior management are made where the Remuneration Committee believes that adjustments are appropriate to reflect performance, contribution, increased responsibilities and/or by reference to market/sector trends.

In addition to salary, Executive Directors and senior management are eligible to receive a discretionary bonus, the amount of which shall be reviewed and approved by the Remuneration Committee who shall take into consideration factors such as market conditions as well as corporate and individual performances.

In order to attract, retain and motivate executives and key employees serving any member of the Group, Directors and senior management are also eligible to participate in the Company's Post-IPO Share Option Scheme.

For the year ended 31 December 2015, the Non-executive Directors (including Independent Non-executive Directors) and the members of the Board committees (other than Executive Director(s)), were entitled to the following annual fees:

Annual fee	Amount (HK\$)	Basis of pro-rating for the year

	N/A	Attendance rate at meetings

* All members of the Risk Management Committee are either Executive Directors or members of the senior management of the Company. Annual fee or attendance fee for being a committee member is therefore not applicable.

Details of the remuneration paid to each of the Directors for the year ended 31 December 2015 are set out in note 12 to the Financial Statements.

The remuneration paid to each of the senior management members of the Group (as named in the section of "Senior Management") by band for the year ended 31 December 2015 is set out in note 12 to the Financial Statements.

2 AUDIT AND COMPLIANCE COMMITTEE

The Board has established an audit and compliance committee in compliance with Rule 3.21 of the Listing Rules and paragraph C.3 as well as paragraph D.3 of the CG Code. During the year, the written terms of reference of the Audit and Compliance Committee were revised to reflect the amendments to the CG Code which came into effect on 1 January 2016. The revised terms of reference were set out in the Company's announcement released on 16 November 2015 and were made available on the websites of the Stock Exchange and the Company.

The Audit and Compliance Committee consists of two Independent Non-executive Directors, being Ms WONG Yu Pok Marina and Mr WAN Kam To and one Non-executive Director, being Mr CHIN Siu Wa Alfred. The chairman of the Audit and Compliance Committee is Ms WONG Yu Pok Marina, who holds the appropriate professional qualifications as required under Rules 3.10(2) and 3.21 of the Listing Rules.

The primary duties of the Audit and Compliance Committee include, but are not limited to: (i) reviewing and monitoring the relationship of the external auditor and the Group, particularly the independence and objectivity and effectiveness of the external auditor; (ii) providing an independent view of the effectiveness of the financial reporting process, internal control, compliance and risk management systems of the Group; (iii) overseeing the audit process and performing other duties and responsibilities as assigned by the Board; (iv) developing, reviewing and monitoring the Company's policies and practices on corporate governance, compliance with legal and regulatory requirements and requirements under the Listing Rules; (v) reviewing the financial information of the Company and ensuring compliance with accounting standards and reviewing significant adjustments resulting from audit; and (vi) developing, reviewing and monitoring the code of conduct applicable to the Company's employees and Directors.

As at the date of this annual report, the Audit and Compliance Committee has considered and reviewed the accounting principles and practices adopted by the Group and has discussed matters in relation to internal control and financial reporting with the management. The Audit and Compliance Committee considers that the financial results for the year ended 31 December 2015 are in compliance with the relevant accounting standards, rules and regulations and appropriate disclosures have been duly made.

The Audit and Compliance Committee held four meetings during the year ended 31 December 2015 to review the audited annual results and financial report for the year ended 31 December 2014, the financial reporting and the compliance procedures, the corporate governance policy and practice, the internal audit plan and reports, the unaudited interim results and financial report for the six months ended 30 June 2015, the non-exempt continuing connected transaction for the year ended 31 December 2015, the training for and the continuing professional developments of the Directors and senior management, the policies and practices regarding compliance with laws and regulations, the financial, operational and compliance monitoring, the risk management control, the work of the internal and external auditor, as well as the service fees due to the external auditor.

The attendance records of the Audit and Compliance Committee are set out below:

Name of Director	Board Capacity (during the period of membership)	Meetings attended/ eligible to attend
Mr CHIN Siu Wa Alfred	NED	4/4
Ms WONG Yu Pok Marina (Chairman)	INED	4/4
Mr WAN Kam To	INED	4/4

The Company's results for the year ended 31 December 2015 have been reviewed by the Audit and Compliance Committee on 14 March 2016.

The Audit and Compliance Committee reported that it had duly performed its duties relating to the corporate governance functions and it was not aware of any terms of corporate governance being violated during the year ended 31 December 2015.

3 NOMINATION COMMITTEE

The Board has established a nomination committee with written terms of reference in compliance with paragraph A.5 of the CG Code. The Nomination Committee consists of one Executive Director, being Mr YEO George Yong-boon, and two Independent Non-executive Directors, being Ms WONG Yu Pok Marina and Mr YEO Philip Liat Kok. The chairman of the Nomination Committee is Mr YEO George Yong-boon.

The primary duties of the nomination committee include, but are not limited to (i) identifying, selecting and recommending to the Board appropriate candidates to serve as Directors and general manager of the Company, and identify candidates for succession planning; (ii) overseeing the process for evaluating the performance of the Board; (iii) developing, recommending to the Board and monitoring nomination guidelines for the Company; and (iv) assess the independence of Independent Non-executive Directors.

The Nomination Committee held one meeting during the year ended 31 December 2015 to review the structure, size, composition and diversity (including the skills, knowledge, experience, gender, age, cultural and educational background, ethnicity, professional experience and length of service) of the Board to ensure that the Board has a balance of expertise, skills and experience appropriate for the requirements of the business of the Company and to assess the independence of the Independent Non-executive Directors.

The attendance records of the Nomination Committee are set out below:

Name of Director	Board Capacity (during the period of membership)	Meeting attended/ eligible to attend
Mr YEO George Yong-boon (Chairman)	Chairman	1/1
Ms WONG Yu Pok Marina	INED	1/1
Mr YEO Philip Liat Kok	INED	1/1

Prior to the listing of the Company on 19 December 2013, the composition and diversity of the Board were considered by taking into account the Board Diversity Policy including the necessary balance of skills and experience appropriate for the requirements of the business development of the Company and for effective leadership. All the Executive Directors possess extensive and diversified experience in management and broad industrial experience such as the logistics industry, government authorities and other companies. The Non-executive Director and the three Independent Non-executive Directors possess professional knowledge in management, finance, accountancy and science and technology, respectively with broad and extensive experience in business advisory and management, respectively.

Where vacancies on the Board arise, the Nomination Committee will carry out the selection process in accordance with the Board Diversity Policy of the Company and by making reference to a range of diversity perspectives, including but not limited to the skills, professional experience, knowledge and length of service of the proposed candidates, cultural and educational background, the Company's needs and other relevant statutory requirements and regulations.

4 FINANCE COMMITTEE

The Board has established a finance committee in compliance with paragraphs D.2 and D.3 of the CG Code with written terms of reference since March 2014. During the year, the written terms of reference of the Finance Committee were revised to increase the maximum approval threshold of the Finance Committee. The Finance Committee consists of three Executive Directors, being Mr YEO George Yong-boon, Mr MA Wing Kai William and Mr ERNI Edwardo. The chairman of the Finance Committee is Mr YEO George Yong-boon.

The primary duties of the Finance Committee include, but not limited to: (i) review and approve all significant acquisitions, investments, disposal of assets, contracts and variations, and new project commitments, (ii) review and approve all major treasury policies and products on financing, derivatives and financial risk management; and (iii) review and approve the banking facilities and the granting of guarantees and indemnities; whereby the financial impact of each of the incidents/activities stated above falls under certain threshold as specified in the terms of reference.

The Finance Committee passed resolutions in writing in lieu of meeting by all committee members during the year ended 31 December 2015 to review and approve corporate guarantees, allotment of shares and lapse of options pursuant to the Pre-IPO Share Option Scheme and/or Post-IPO Share Option Scheme, general mandate to share registrar for processing dividend payment and closure of bank account.

5 RISK MANAGEMENT COMMITTEE

The Board has established a risk management committee with written terms of reference in compliance with paragraph C.2 of the CG Code in November 2015. The Risk Management Committee consists of two Executive Directors, being Mr MA Wing Kai William and Mr ERNI Edwardo, and two members of the senior management. The chairman of the Risk Management Committee is Mr MA Wing Kai William.

The primary duties of the Risk Management Committee include, but not limited to: (i) evaluate the Company's risk management system; (ii) review and advise the Board on the implementation and effectiveness of the Company's risk management system and policies; (iii) discuss the risk management system with the management to ensure that the management has performed its duties in establishing and maintaining an effective risk management system, including adequacy of resources, staff qualifications and experience, training programmes and budget of the Company's risk management function; (iv) consider major findings and

investigation on risk management matters as delegated by the Board; and (v) conduct an annual review of the Company's risk management system by considering the changes in the nature and extent of significant risks, the scope and quality of the ongoing monitoring of risks by the management, the extent and frequency of communication of monitoring results, significant control failings or weaknesses, and other factors which affect the effectiveness of the Company's risk management system.

The Risk Management Committee held one meeting during the year ended 31 December 2015 to review the new requirements of risk management under the Listing Rules and risk appetites identified by internal business units and external consultant respectively in areas of strategy, financial, operations and corporate governance. The Risk Management Committee prioritises risk appetites and sets out policies and procedures in order to review and evaluate the effectiveness of the risk management and internal control systems.

The attendance records of the Risk Management Committee are set out below:

During the year ended 31 December 2015, the remuneration paid to the external auditor (including its other member firms) of the Company in respect of audit services and non-audit services (that is, due diligence work, risk management and internal control review and taxation services) amounted to HK\$13,845,000 and HK\$10,790,000, respectively.

The Auditor, PricewaterhouseCoopers, Hong Kong, will retire and offer itself for re-appointment at the forthcoming AGM.

G RISK MANAGEMENT AND INTERNAL CONTROLS

During the year ended 31 December 2015, the Board has conducted a review on the effectiveness of the risk management and internal control systems of the Group. The review has covered the financial, operational and compliance aspects of the Group.

The risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss. The Board considers the risk management and internal control systems of the Group are effective and adequate.

The Board is responsible for maintaining an adequate risk management and internal control systems to safeguard Shareholders' investments and Company's assets, and reviewing the effectiveness of such on an annual basis through the Audit and Compliance Committee and Risk Management Committee.

H COMMUNICATIONS WITH SHAREHOLDERS AND INVESTORS

The Company considers that effective communication with Shareholders is essential for enhancing investor relations and investor understanding of the Group's business performance and strategies. The Company also recognises the importance of transparency and timely disclosure of corporate information, which will enable Shareholders and investors to make the best investment decisions.

The general meetings of the Company are expected to provide a forum for communication between the Board and the Shareholders. The Chairman of the Board as well as chairmen of the Remuneration Committee, Audit and Compliance Committee, Nomination Committee and Risk Management Committee and, in their absence, other members of the respective committees are available to answer questions at Shareholders' meetings.

To promote effective communication, the Company maintains a website at www.kerrylogistics.com, where information and updates on the Company's business developments and operations, financial information, corporate governance practices and other information are available for public access.

The Company has established the Shareholders Communication Policy since the listing of the Company on 19 December 2013 and continually reviews it on a regular basis to ensure its effectiveness.

I SHAREHOLDERS' RIGHTS

To safeguard Shareholders' interests and rights, separate resolutions are proposed at Shareholders' meetings on each substantial issue, including the election of individual directors.

Shareholders should direct their enquiries about their shareholdings to the Company's branch share registrar and transfer office in Hong Kong, namely, Tricor Investor Services Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong. Shareholders who wish to put enquiries to the Board can send their enquiries to the Company Secretary who will ensure these enquiries to be properly directed to the Board. Shareholders may at any time make a request for the Company's information to the extent such information is publicly available. Corporate communication of the Company will be provided to Shareholders in plain language and in both English and Chinese versions to facilitate Shareholders' understanding. Shareholders have the right to choose the language (either English or Chinese) or means of receipt of the corporate communications (in hard copy or through electronic means).

Shareholders holding not less than one-tenth of the paid-up capital of the Company may deposit a requisition to convene a special general meeting and state the purpose therefor at the Company's registered office in Bermuda at Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda. Shareholders who wish to put forward proposals for the Company's consideration at the general meetings can send their proposals to the Company Secretary.

All resolutions put forward at a general meeting will be taken by poll pursuant to the Listing Rules. Shareholders who are unable to attend the general meeting can appoint proxies to attend and vote at the general meeting. The Chairman of the general meeting will provide explanation of the detailed procedures for conducting a poll and then answer questions (if any) from the Shareholders regarding voting by way of poll. In addition, the poll results will be posted on the websites of the Company and of the Stock Exchange after the Shareholders' meeting.

J COMPANY SECRETARY

Ms LEE Pui Nee, the Company Secretary, is a full-time employee of the Company and has day-to-day knowledge of the Company's affairs. The Directors are pleased to present this annual report together with the Financial Statements.

PRINCIPAL ACTIVITIES

The Group operates as a leading logistics service provider in Asia principally engaged in IL and IFF businesses. The principal activities of the Company are as follows:

- (i) IL services, including storage and value-added services, trucking and distribution, returns management and various ancillary services, primarily in Asia;
- (ii) leasing of warehousing space in Hong Kong; and
- (iii) IFF services intra-Asia and between Asia and Europe to transport cargo using air freight, ocean freight and cross-border road freight forwarding services.

Details of the principal activities of the principal subsidiaries are set out in note 39 to the Financial Statements. There were no significant changes in the nature of the Group's principal activities during the year ended 31 December 2015.

RESULTS

The results of the Group for the year ended 31 December 2015 are set out in the section headed "Statement of Accounts" of this annual report.

BUSINESS REVIEW

OVERVIEW AND PERFORMANCE OF THE YEAR

As disclosed in the Prospectus, the Company believes that core net profit is a key financial indicator of our operating performance and provides useful information regarding our ability to generate profit and cash from our principal business operations and related investments. We monitor core net profit, which is not a standard measure under HKFRSs, to provide additional information about our operating performance. Core net profit represents our profit attributable to the Shareholders before the after-tax effect of change in fair value of investment properties. We have chosen to subtract the after-tax effect of change in fair value of investment properties in our calculation of core net profit because our management does not take into account changes in fair value of investment properties when evaluating our operating performance, making planning decisions or allocating resources. The Company does not engage in selling investment properties during our normal course of business and, accordingly, management considers that changes in fair value of investment properties are unlikely to be realisable and therefore are less meaningful to our business operations.

Discussion on the Company's performance of the year is set out in the section headed "Management Discussion and Analysis – Overall Results" of this annual report.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Company strives to develop and operate an environmental management system that sets high standards on pollution prevention, preservation of natural resources and adherence to environmental laws and regulations. We require all our employees and contractors to adhere to this policy. We believe our high environmental standards can put us in better position to compete with other logistics service providers in light of the rising environmental initiatives of multinational corporations.

Our efforts in environmental protection have been well recognised. The Company has obtained the international certification of ISO14001, an internationally agreed standard that sets out the requirements for an environmental management system.

The Company also puts green ideas into practice in our daily operations and office renovations. These include:–

- Planting of trees, greenery, and landscaping in our offices.
- Implementing energy-saving measures for lobby lifts.
- Two green logistics facilities in Hong Kong and Singapore, namely Tai Po Product Customisation and Consolidation Centre (“PC³”) and Kerry Tampines Logistics Centre. Both facilities are LEED Gold certified while PC³ is also the first industrial building in Hong Kong to be HK-BEAM (Gold) certified.
- Deploying low emission trucks with Euro V Vehicle Emission Standards in the Company’s Hong Kong daily operations since 2014.
- Introduction of three hybrid electric vehicles since 2013 under the Pilot Green Transport Fund Scheme backed by the Hong Kong government.

Discussion on our compliance with relevant environmental laws and regulations is set out in the section headed “Compliance with relevant Laws and Regulations” in this Report of Directors.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS ***REGULATORY COMPLIANCE***

The Group has complied with the requirements under the Companies Ordinance, the Listing Rules, the SFO and the CG Code for, among other things, the disclosure of information and corporate governance. The Group has adopted the Model Code.

IL and IFF businesses are not heavily regulated in any of the countries and territories in which we operate. Unlike our suppliers (such as airlines and shipping lines) or customers (such as manufacturers and retailers in various industries), we do not own or operate any aircraft or vessels, nor are we principally engaged in the manufacture or sale of any industrial or consumer products. We are therefore not subject to any material legal or regulatory requirements which apply to the air transportation or shipping industries or any of our customers’ industries.

During the year, there were no findings notified to us by any regulatory authority in the jurisdictions in which we operate of any material non-compliance with any law or regulation to which the businesses are subject.

LICENSING REQUIREMENTS

The Group are required to comply with the regulatory requirements to obtain and maintain certain licences and permits in the jurisdictions in which we operate. Many of these licences and permits are subject to regular review, replacement or renewal.

Each of our local management teams performs its own function to ensure that we maintain the necessary licences and permits to operate our businesses in each jurisdiction. The Group has been able to renew our major licences and permits without significant difficulties during the year.

ENVIRONMENTAL PROTECTION

We have not been subject to any fines or legal action involving any material non-compliance with any relevant environmental regulations, nor are we aware of any threatened or pending action by any relevant environmental regulatory authority.

KEY RELATIONSHIPS WITH STAKEHOLDERS

EMPLOYEES

People are the backbone of our operations and the key to our success as the leader in providing exceptional services. We are committed to creating opportunities for our employees to develop their full potential by considering all aspects of their lives. We firmly believe in the power and possibility of the next generation and strives to nurture these talents through our comprehensive MT Programme.

Since 2001, we organised the MT Programme to attract bright young graduates worldwide. Over 100 undergraduate students from different majors of study and nationalities joined the MT Programme. Currently, 60 of them are working under our global network, of which 24 of them have reached managerial and executive level. Our MT Programme has spread from our head office in Hong Kong to regional offices including the Mainland China, Taiwan and South & Southeast Asia.

We are committed to creating real value for employees through rewarding careers, workplace quality and work-life balance. To echo our core values VOICE, we provide regular on-the-job trainings, reward schemes and job secondment/relocation opportunities for all employees to propel work excellence within the global scope. We believe these measures could further enhance employee involvement and engagement as part of a team.

CUSTOMERS

We currently serve more than 40 of the Top 100 Brands (ranked by Interbrand, a well-recognised global brand consultancy) across a wide spectrum of industries. By leveraging our experience in serving the supply chains in various industries, we have developed significant industry expertise and applied innovative processes across industries to better serve our customers. We have been successful in

offering industry-specific solutions, including the fashion and lifestyle, electronics and technology, food and beverage, fast-moving consumer goods, industrial and material sciences, automotive, and pharmaceutical and healthcare industries.

Within most of these industries, we manage outsourced supply chains that are sophisticated, regional in scale and critical to our customers' core business. This creates opportunities for us to become an integral part of our customers' operations. In addition, we have established long-standing relationships with many of our key customers, which are due in part to our ability to continually meet or exceed their requirements for quality and reliability of service. For example, more than half of our key logistics operations customers in Hong Kong as at 31 December 2015 have been with us for more than five years. We believe our supply chain solutions have offered our customers compelling value propositions, making us their preferred logistics service provider.

SUPPLIERS

Our main suppliers include airlines and shipping lines from which we procure air or ocean cargo space in connection with our freight forwarding business. We do not enter into any long-term supply contracts or any firm commitment to purchase air or ocean cargo space for freight forwarding purposes.

Our suppliers also include landlords of leased logistics facilities that we manage in connection with our IL business, as well as suppliers of goods in connection with our trading business. We manage a large portfolio of leased logistics facilities located primarily in Asia.

INDUSTRY AWARDS AND ACCREDITATIONS

We have received a number of industry awards and accreditations in recognition of our leading position and achievements in the logistics services industry in Asia. Details are set out in the section headed "Awards and Citations" of this annual report.

CORPORATE SOCIAL RESPONSIBILITY

Details of corporate social responsibility are set out in the section headed "Corporate Social Responsibility Report" of this annual report.

KEY RISKS AND UNCERTAINTIES

During the year, the Board identified several areas which are likely to pose more significant risks to the Company based on the results of the risk assessment interviews conducted by the risk management team of PricewaterhouseCoopers. The Company has implemented various measures to mitigate these risks or uncertainties.

UNCERTAINTIES IN THE GLOBAL BUSINESS ENVIRONMENT

Uncertainties in the global economy include the economic slowdown in the China market and the uncertain recovery in Europe exposes the Group to the risk of non-sustainable growth. The industries that the Group previously focused on serving, for example, electronics and fashion industry, are faced with a decline in demand for their products or services, which in turn lowers the demand for the Group's services.

The Group has been mitigating this risk by diversifying its industry focus, for example, to the pharmaceutical industry, and its customer pool to reduce the concentration risk. The Group has also embarked on an acquisition trail which will help expand its global reach and reduce its reliance on certain markets, for example, China.

INTEGRATION OBSTACLES

The Group expands its network and global coverage mainly through mergers and acquisitions. However, it poses a risk of inconsistency in operations if the joint ventures or acquired businesses are not properly monitored and integrated with the practices of the Group. Cultural differences and availability of resources are some of the key contributing factors which hinder the integration process.

To mitigate this, a robust due diligence process has been in place to ensure the target companies are the right acquires. Integration checklists in all aspects including human resources, finance, information technology, legal and

compliance etc. have been set up. The Company's internal audit function also acts as an independent check of the governance and performance of the acquired businesses.

SUCCESSION PLANNING AND POTENTIAL LOSS OF TALENTS

The Group currently places heavy reliance on certain key managerial members. There has been succession planning prepared for certain divisions of the Company, for example, the headquarters and China, but not for the others.

The Group has mitigated this by using the MT Programme to nurture staff with high potential to be future management; hiring remuneration consultant to benchmark salary level of management to the Company's competitors; re-organising the management structure with more short-term incentives to management; and implementing succession plan for areas in need, particularly for key management.

CONCERNS OVER KEY INFORMATION SYSTEMS (BOTH OPERATIONAL AND FINANCIAL)

Due to the nature of the business, the Group cannot afford any information technology disruption. Therefore, efficient maintenance and recovery of information technology systems are very important to the Group. The ability to develop systems within a reasonable timeframe to support business needs is also critical.

To mitigate this, periodic disaster recovery plan and drill tests are performed. The Group will also outsource or relocate part of the development or maintenance of the systems to third parties in a cost-effective manner. System integration and automate data flows are performed to reduce human interference in order to reduce the risks of human error and time of data processing.

CREDIT RISK IN RELATION TO COUNTERPARTIES

Adverse performance of the Group's customers due to decline in the demand of their products will increase the Group's counterparties risk with these customers. Long credit period of top customers may lead to unsatisfactory cash flow of the Group.

The Group has mitigated this by tightening account receivables and setting up credit monitoring controls, for example, to produce a periodic credit report consisting of top 50 to 100 customers for management review. Tighten protective measures are implemented, for example, holding of customers' stocks stored in the Group's facilities before payments are settled; and requesting for deposit before provision of services.

OTHER FINANCIAL RISKS

Further discussion on financial risks are set out in the section headed "Management Discussion and Analysis – Financial Review" and note 3 to the Financial Statements of this annual report.

OUTLOOK

Discussion on outlook is set out in the section headed "Management Discussion and Analysis – Business Review" of this annual report.

DIRECTORS' AND CONTROLLING SHAREHOLDERS' INTERESTS IN COMPETING BUSINESS

Save for their respective interests in the Group, none of the Directors and controlling shareholders of the Company was interested in any business which competes or is likely to compete with the businesses of the Group for the year ended 31 December 2015 and up to the date of this annual report.

CONNECTED TRANSACTION

Among the related party transactions disclosed in note 36 to the Financial Statements, the following transaction constituted a connected transaction for the Company and is required to be disclosed in this annual report in accordance with Chapter 14A of the Listing Rules.

ACQUISITION AGREEMENTS WITH THE ASSOCIATE OF KPL

With a view to saving rental costs from a long-term perspective, on 15 May 2015, the Shanghai branch of Kerry EAS Logistics Limited (the "Purchaser"), a subsidiary of the Company, entered into ten acquisition agreements with Shanghai Gang Hu Properties Co., Ltd. (the "Vendor") (the "Acquisition Agreements") pursuant to which the Purchaser agreed to acquire from the Vendor and the Vendor agreed to sell to the Purchaser certain office units held by the Vendor in Shanghai at an aggregate consideration of RMB31,373,610 (the "Acquisition"). The Acquisition Agreements also contained terms which are usual and customary for a transaction of this nature and scale.

As at the date of the Acquisition Agreements, the Vendor was owned as to 74.25% by KPL. KPL is a substantial shareholder and a controlling shareholder of the Company. As such, the Vendor is an associate of KPL and thus a connected person of the Company under the Listing Rules. The Acquisition therefore constituted a connected transaction of the Company under Chapter 14A of the Listing Rules. Please refer to the announcement of the Company dated 15 May 2015 for details of the Acquisition.

CONTINUING CONNECTED TRANSACTIONS

Among the related party transactions disclosed in note 36 to the Financial Statements, the following transactions constitute continuing connected transactions for the Company and is required to be disclosed in this annual report in accordance with Chapter 14A of the Listing Rules.

1 FRAMEWORK AGREEMENT WITH KPL

On 28 July 2014, the Company entered into a framework agreement with KPL (the “Framework Agreement”) pursuant to which (i) the Group agreed to provide services including delivery, local courier, freight, freight agency, insurance brokerage, and services relating to management and operation of warehouse facilities to KPL and its subsidiaries; and (ii) KPL and its subsidiaries agreed to lease certain properties to the Group (the “KPL Transactions”). KPL is a substantial shareholder and a controlling shareholder of the Company and is therefore a connected person of the Company under the Listing Rules. As such, the transactions contemplated under the KPL Transactions constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules. The Framework Agreement commenced on 1 August 2014 and will expire on 31 December 2016. The Framework Agreement can be extended for a further term of three years with the mutual written agreement of the Company and KPL. Please also refer to the announcement of the Company dated 28 July 2014 for details.

The annual caps payable by the Group under the KPL Transactions for the two years ended 31 December 2014 and 2015 and the year ending 31 December 2016 are HK\$17.7 million, HK\$19.7 million and HK\$21.7 million, respectively. During the two years ended 31 December 2014 and 2015, the KPL Transactions payable amounted to HK\$12.5 million and HK\$10.6 million respectively.

The annual caps receivable by the Group under the KPL Transactions for the two years ended 31 December 2014 and 2015 and the year ending 31 December 2016 are HK\$9.3 million, HK\$12.0 million and HK\$15.3 million, respectively. During the two years ended 31 December 2014 and 2015, the KPL Transactions receivable amounted to HK\$6.1 million and HK\$6.8 million respectively.

2 TRANSACTIONS WITH KHK

KHK is an associate of KPL and is therefore a connected person of the Company under the Listing Rules. In the ordinary and usual course of business, the Group has entered into and continued to enter into transactions with KHK on normal commercial terms for KHK to provide leased premises to the Group (the “KHK Transactions”) for use as warehouses and car parking spaces and to provide related building management services. The amounts paid by the Group to KHK were determined after arm’s length negotiations between the parties with reference to prevailing market rates for similar types of premises and services. Please refer to the section headed “Connected Transactions” in the Prospectus for details.

The Group has entered into rental agreements and car parking spaces rental letters (the “KHK Agreements”) with KHK in respect of the KHK Transactions, pursuant to the requirements under Rules 14A.34 and 14A.52 of the Listing Rules. Such KHK Agreements are for a fixed term of not more than three years and are on normal commercial terms. The annual caps on the rental payable under the KHK Transactions for the three years ended 31 December 2013, 2014 and 2015 are HK\$39.0 million, HK\$42.0 million and HK\$46.0 million, respectively. During the years ended 31 December 2013, 2014 and 2015, the rental paid by the Group under the KHK Transactions amounted to HK\$37.1 million, HK\$36.0 million and HK\$38.5 million respectively.

Upon the expiration of the annual caps for the KHK Transactions on 31 December 2015, the Group proposed to enter into new agreements with KHK for a fixed term of not more than three years, and to set new annual caps for the KHK Transactions for the years ending 31 December 2016, 2017 and 2018. The proposed new annual caps payable by the Group under the KHK Transactions for the years ending 31 December 2016, 2017 and 2018 are HK\$44.5 million, HK\$48.5 million and HK\$50.0 million, respectively. Please refer to the announcement of the Company dated 11 December 2015 for details.

The Independent Non-executive Directors, having considered the summary of continuing connected transactions of the Group as recorded during the year, have confirmed that the above continuing connected transactions for the year ended 31 December 2015 were entered into by the Group: (i) in the ordinary and usual course of its business; (ii) on normal commercial terms; and (iii) in accordance with the relevant agreements governing them and on terms that were fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Our management has assigned the finance team of the Company to monitor the continuing connected transactions. They regularly communicate with the heads of all stations of the Group regarding the terms and pricing policies of the continuing connected transactions and collect monthly financial data together with underlying agreements for analysis. The finance team of the Company is also responsible for preparing monthly financial reports in order to monitor the annual caps of the continuing connected transactions. Policies and procedures have also been set up to ensure that the internal controls in relation to the above continuing connected transactions for the year ended 31 December 2015 were adequate.

The auditor of the Company has issued its unqualified letter containing its findings and conclusions in respect of the abovementioned continuing connected transactions in accordance with Rule 14A.56 of the Listing Rules, confirming that (i) nothing has come to their attention that causes the auditor to believe that the abovementioned continuing connected transactions have not been approved by the Company's board of directors, (ii) for transactions involving the provision of goods or services by the Group, nothing has come to their attention that causes the auditor to believe that the transactions were not, in all material respects, in accordance with the pricing policies of the Group, (iii) nothing has come to their attention that causes the auditor to believe that the transactions were not entered into, in all material respects, in accordance with the terms of the relevant agreements governing such transactions; and (iv) with respect to the aggregate amount of each of the KPL Transactions and the KHK Transactions, nothing has come to their attention that causes the auditor to believe that the amounts have exceeded the maximum aggregate annual value disclosed in the Prospectus and the previous announcement dated 28 July 2014. A copy of the auditor's letter has been provided by auditor to the Stock Exchange.

In addition, certain transactions disclosed in note 36 to the Financial Statements also constitute continuing connected transactions under the Listing Rules. The applicable percentage ratios (except profits ratio) for the transactions are under 0.1% and therefore the transaction is exempt from the reporting, annual review, announcement and independent shareholders' approval requirements under Rule 14A.76(1) of the Listing Rules. Save for the above, during the year ended 31 December 2015, the Company has not entered into any connected transaction or continuing connected transaction which should be disclosed pursuant to the Rules 14A.49 and 14A.71 of the Listing Rules. The Company confirmed that it has complied with the disclosure requirements in relation to each of the KPL Transactions and the KHK Transactions in accordance with Chapter 14A of the Listing Rules.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS OF SIGNIFICANCE

None of the Directors or entities connected with the Directors is or was materially interested, either directly or indirectly, in any transaction, arrangement or contract which is significant in relation to the business of the Group to which the Company, its holding company, or any of its subsidiaries or fellow subsidiaries was a party during the year ended 31 December 2015 and up to the date of this annual report.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year ended 31 December 2015 and up to the date of this annual report.

DIRECTORS' REMUNERATION

The Group offers competitive remuneration packages to the Directors, and the Directors' fees are subject to the Shareholders' approval at general meeting. Other emoluments are determined by the Board with reference to Directors' duties, responsibilities and performance and the results of the Group.

Details of the Directors' remuneration during the year ended 31 December 2015 are set out in note 12 to the Financial Statements.

DIRECTORS' PERMITTED INDEMNITY PROVISION

Pursuant to the Company's Bye-laws, every Director or other officer of the Company shall be indemnified and secured harmless out of the assets of the Company from and against all actions, costs, charges, liabilities, losses, damages and expenses which they or any of them may sustain or incur in connection with their duties or the exercise of their powers. The Company has arranged appropriate directors' and officers' liability insurance coverage for the Directors and officers of the Group during the year ended 31 December 2015.

PRE-IPO SHARE OPTION SCHEME

The Company has adopted the Pre-IPO Share Option Scheme by a resolution of its Shareholder on 25 November 2013 and an ordinary resolution of the shareholders of KPL on 1 November 2013. No further options will be granted under the Pre-IPO Share Option Scheme.

On 2 December 2013, pursuant to the Pre-IPO Share Option Scheme, the Company had granted options to subscribe for 42,770,000 Shares to directors, executives and employees of the Group, representing 2.58% of the issued share capital as at 19 December 2013.

RSU SCHEME

The Company has approved and adopted the RSU Scheme by a resolution of its Shareholder on 25 November 2013 and a resolution of the Board on 25 November 2013. The RSU Scheme is not subject to the provisions of Chapter 17 of the Listing Rules as the RSU Scheme does not involve the grant of options by the Company to subscribe for new Shares.

The RSUs do not carry any right to vote at general meetings of the Company. No RSU grantee shall enjoy any of the rights of a Shareholder by virtue of the grant of an award of RSUs (the "Award") pursuant to the RSU Scheme. Notwithstanding the foregoing, if so specified by the Board in its entire discretion, the RSU may include rights to cash or non-cash income, scrip dividends or distributions and/or the sale proceeds of non-cash and non-scrip distributions from any Shares underlying the RSU from the date the Award is granted to the date of exercise of the RSU.

On 19 December 2013, the Company had allotted and issued an aggregate of 815,000 Shares to the RSU trustee, Lion Trust (Hong Kong) Limited. On 24 December 2013, 815,000 Awards representing 815,000 underlying Shares were granted to 815 grantees pursuant to the RSU Scheme. None of the RSU grantees are Directors or connected persons of the Company.

As at 31 December 2015, a total of 310,000 RSUs remained unexercised under the RSU Scheme.

Movement of the RSUs under the RSU Scheme during the year ended 31 December 2015 are listed below:

Date of grant	Number of RSUs				Exercise period
	Outstanding as at 01/01/2015	Exercised	Cancelled	Outstanding as at 31/12/2015	
24/12/2013	406,000	92,000	4,000	310,000	24/12/2013 – 18/12/2016

For further details of the RSU Scheme, please refer to the section headed "Statutory and General Information" of the Prospectus.

TO THE SHAREHOLDERS OF KERRY LOGISTICS NETWORK LIMITED (incorporated in the British Virgin Islands and continued into Bermuda as an exempted company with limited liability)

We have audited the consolidated financial statements of Kerry Logistics Network Limited (the “Company”) and its subsidiaries set out on pages 74 to 140, which comprise the consolidated statement of financial position as at 31 December 2015, and the consolidated income statement, the consolidated statement of comprehensive income, the consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS’ RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

*PricewaterhouseCoopers, 22/F, Prince’s Building, Central, Hong Kong
T: +852 2289 8888, F: +852 2810 9888, www.pwchk.com*

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Company and its subsidiaries as at 31 December 2015, and of their financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

NOTES TO THE FINANCIAL STATEMENTS

1 GENERAL INFORMATION

Kerry Logistics Network Limited was incorporated in the British Virgin Islands in 1991 and migrated to Bermuda to become an exempted company with limited liability in 2000. The address of its registered office is Canon's Court, 22 Victoria Street, Hamilton HM12, Bermuda.

The Company is an investment holding company and its subsidiaries are principally engaged in the provision of logistics, freight and warehouse leasing and operations services. The Company's shares are listed on The Stock Exchange of Hong Kong Limited.

Kerry Group Limited, a private company incorporated in the Cook Islands, is the ultimate holding company.

The consolidated financial statements is presented in thousands of Hong Kong dollars (HK\$'000), unless otherwise stated. These financial statements have been approved for issue by the Board of Directors on 23 March 2016.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of the consolidated financial statements are set out below. Except as described below, these policies have been consistently applied to all the years presented, unless otherwise stated.

(a) BASIS OF PREPARATION

The significant accounting policies applied in the preparation of the consolidated financial statements which are in accordance with HKFRS issued by HKICPA are set out below. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale investments, financial assets at fair value through profit or loss, investment properties and put option written on non-controlling interests, which are carried at fair value.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the accounting policies of the Group. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 4.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) BASIS OF PREPARATION (CONTINUED)

(I) ADOPTION OF AMENDMENTS TO EXISTING STANDARDS AND IMPROVEMENTS

The following amendments to existing standards and improvements have been published that are effective for the Group's accounting period beginning on 1 January 2015:

- Amendments to HKAS 19 (2011), 'Employee benefits: defined benefit plans-employee contributions'
- Annual improvements to 2010-2012 cycle
- Annual improvements to 2011-2013 cycle

The adoption of the above amendments to existing standards and interpretation had no material impact on the Group's results and financial position.

New Hong Kong Companies Ordinance (Cap.622)

In addition, the requirements of Part 9 "Accounts and Audit" of the new Hong Kong Companies Ordinance (Cap. 622) come into operation during the financial year, as a result, there are changes to presentation and disclosures of certain information in the consolidated financial statements.

(II) NEW STANDARDS, AMENDMENTS TO EXISTING STANDARDS AND IMPROVEMENTS WHICH ARE NOT YET EFFECTIVE

The following new standards, amendments to existing standards and improvements, have been published and are mandatory for the Group's accounting periods beginning on or after 1 January 2016, but the Group has not early adopted them:

Applicable for
accounting periods
beginning on/after

HKAS 1 (amendment), 'Disclosure initiative'	1 January 2016
HKAS 27 (amendment), 'Equity method in separate financial statements'	1 January 2016
Amendments to HKAS 16 and HKAS 38, 'Clarification of acceptable methods of depreciation and amortisation'	1 January 2016
Amendments to HKAS 16 and HKAS 41, 'Bearer plants'	1 January 2016
Amendments to HKAS 28 (2011), HKFRS 10 and HKFRS 12, 'Investment entities: applying the consolidation exception'	1 January 2016
Amendments to HKFRS 11, 'Accounting for acquisitions of interests in joint operations'	1 January 2016
HKFRS 14, 'Regulatory deferral accounts'	1 January 2016
Annual improvements to 2012-2014 cycle	1 January 2016
HKFRS 9, 'Financial instruments'	1 January 2018
HKFRS 15, 'Revenue from contracts with customers'	1 January 2018
Amendments to HKAS 28 (2011) and HKFRS 10, 'Sales or contribution of assets between an investor and its associate or joint venture'	To be determined

The Group will adopt the above standards, amendments to existing standards and improvements as and when they become effective. The Group is in the process of making an assessment of the impact of them upon initial application.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) CONSOLIDATION

(i) SUBSIDIARIES

A subsidiary is an entity (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by HKFRS.

Investments in subsidiaries are accounted for at cost less impairment. Cost is adjusted to reflect changes in consideration arising from contingent consideration amendments. Cost also includes direct attributable costs of investment.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the consolidated income statement.

Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

In the Company's statement of financial position, the investments in subsidiaries are stated at cost less provision for impairment losses. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

(ii) TRANSACTIONS WITH NON-CONTROLLING INTERESTS

Transactions with non-controlling interests that do not result in a loss of control are accounted for as equity transactions – that is, as transactions with the owners of the subsidiary in their capacity as owners. The difference between fair value of any consideration paid and the relevant share acquired of the carrying amount of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

The potential cash payments related to put options issued by the Group over the equity of a subsidiary are accounted for as financial liabilities when such options may only be settled other than by exchange of a fixed amount of cash or another financial asset for a fixed number of shares in the subsidiary. The amount that may become payable under the option on exercise is initially recognised at fair value as a written put option liability with a corresponding charge directly to equity. A written put option liability is subsequently remeasured at fair value as a result of the change in the expected performance at each balance sheet date, with any resulting gain or loss recognised in the consolidated income statement. In the event that the option is expired or unexercised, the written put option liability is derecognised with a corresponding adjustment to equity.

(iii) PARTIAL DISPOSAL

When the Group ceases to have control or significant influence, any retained interest in the entity is re-measured to its fair value, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) ASSOCIATES

Associates are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights or when significant influence is obtained by the Group through participation in the board of directors of the entity. Investments in associates are accounted for using the equity method of accounting and are initially recognised at cost. The Group's investments in associates include goodwill identified on acquisition, net of any accumulated impairment loss.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

The Group's share of its associates post-acquisition profits or losses is recognised in the consolidated income statement, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the impairment loss in the income statement.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

Dilution gains and losses arising in investments in associates are recognised in the consolidated income statement.

(d) FOREIGN CURRENCY TRANSLATION

(I) FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The financial statements are presented in Hong Kong dollars (HK\$), which are the Company's functional and the Group's presentation currency.

(II) TRANSACTIONS AND BALANCES

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated income statement.

Changes in the fair value of monetary securities denominated in foreign currency classified as available-for-sale are analysed between translation differences resulting from changes in the amortised cost of the security, and other changes in the carrying amount of the security. Translation differences related to changes in amortised cost are recognised in profit or loss and other changes in carrying amount are recognised in other comprehensive income.

Translation differences on non-monetary financial assets such as equities classified as available-for-sale are included in the other comprehensive income.

(III) GROUP COMPANIES

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position of the Group's entities are translated at the closing rate at the end of the reporting period;

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) FOREIGN CURRENCY TRANSLATION (CONTINUED)

(III) GROUP COMPANIES (CONTINUED)

- income and expenses for each income statement of the Group's entities are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

On consolidation, exchange differences arising from the translation of the net investment in foreign operations are taken to other comprehensive income. When a foreign operation is partially disposed of or sold, exchange differences that were recorded in equity are recognised in the consolidated income statement as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

(e) PROPERTY, PLANT AND EQUIPMENT

Construction in progress represents logistics centres and warehouses under construction and is stated at cost less impairment losses. It will be reclassified to the relevant property, plant and equipment category upon completion and depreciation begins when the relevant assets are available for use.

Properties comprise mainly warehouses and logistics centres (including leasehold land classified as finance lease), staff quarters, freehold land and buildings and port facilities. All property, plant and equipment are stated at historical cost less aggregate depreciation and accumulated impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance costs are expensed in the consolidated income statement during the financial period in which they are incurred.

Depreciation of property, plant and equipment is calculated using the straight-line method to allocate their cost less their residual values over their estimated useful lives as follows:

Leasehold land	Over their remaining lease term ranging from 20 to 50 years
Port facilities	2.5% to 3.6%
Properties	Shorter of remaining lease term of 20 to 50 years or useful lives
Leasehold improvements	5% to 33.33%
Warehouse operating equipment	5% to 25%
Motor vehicles, furniture, fixtures and office equipment	5% to 50%

No amortisation is provided for freehold land.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

The gain or loss on disposal of all property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant assets and is recognised in the consolidated income statement.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(f) INVESTMENT PROPERTIES

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the companies in the Group, is classified as investment property.

Investment property comprises land held under operating leases, warehouse and office held for long-term rental yields.

Land held under operating leases are classified and accounted for as investment property when the rest of the definition of investment property is met. The operating lease is accounted for as if it was a finance lease.

Investment property is measured initially at cost, including related transaction costs and borrowing costs.

After initial recognition, investment property is carried at fair value. Fair value is based on valuations carried out by professional valuers. Investment property that is being redeveloped for continuing use as investment property, or for which the market has become less active, continues to be measured at fair value.

The fair value of investment property reflects, among other things, rental income from current leases and assumptions about rental income from future leases in the light of current market conditions.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed in the consolidated income statement during the financial period in which they are incurred.

Changes in fair values of investment property are recognised in the consolidated income statement. Investment properties are derecognised either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment, except that the land portion is reclassified as leasehold land and land use right if it is operating lease in nature, and its fair value at the date of reclassification becomes its cost for accounting purposes.

If an item of owner-occupied property becomes an investment property because its use has changed, any increase from the carrying amount to the fair value of this item at the date of transfer is recognised in equity as a revaluation reserve of property, plant and equipment under HKAS 16, except any increase which reverses a previous impairment loss is recognised in the income statement. Any decrease in the carrying amount of the property is charged to the consolidated income statement. Upon the subsequent disposal of the investment property, any revaluation reserve balance of the property is transferred to retained profits and is shown as a movement in equity.

(g) INTANGIBLE ASSETS

(1) GOODWILL

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiary or associate at the date of acquisition. Goodwill on acquisitions of subsidiaries is recognised separately as a non-current asset. Goodwill on acquisitions of associates is included in investments in associates and is tested for impairment as part of the overall balance. Separately recognised goodwill on acquisitions of subsidiaries is tested for impairment annually or more frequently if events or changes in circumstances indicate a potential impairment, and carried at cost less accumulated impairment losses. The carrying value of the CGU containing the goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately and as expense and is not subsequently reversed. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(CONTINUED)**

(g) INTANGIBLE ASSETS (CONTINUED)

(II) CUSTOMER RELATIONSHIPS

Customer relationships acquired in a business combination are recognised at fair value at the acquisition date. The customer relationships have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate its cost over the expected life of the customer relationships, which range from five to ten years.

(III) NON-COMPETE AGREEMENTS

Non-compete agreements acquired in a business combination are recognised at fair value at the acquisition date. The non-compete agreements have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate its cost over the term of the agreements, which range from three to ten years.

(IV) TRADEMARK

Separately acquired trademarks are shown at historical cost. Trademarks acquired in a business combination are recognised at fair value at the acquisition date. Trademarks have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost of trademarks over their estimated useful lives of five years.

(h) IMPAIRMENT OF INVESTMENTS IN SUBSIDIARIES AND NON-FINANCIAL ASSETS

Assets that have an indefinite useful life – for example, goodwill or intangible assets not ready to use – are not subject to amortisation and are tested annually for impairment. Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating unit). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

Impairment testing of the investments in subsidiaries is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the year the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

(i) FINANCIAL ASSETS

The Group classifies its financial assets in the following categories: loans and receivables and available-for-sale investments and financial assets at fair value through profit or loss. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

(I) LOANS AND RECEIVABLES

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the end of the reporting period, which are classified as non-current assets. Loans and receivables included accounts receivable, deposits, restricted and pledged bank deposits, cash and bank balances and amounts due from associates, fellow subsidiaries and subsidiaries.

(II) AVAILABLE-FOR-SALE INVESTMENTS

Available-for-sale investments are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the end of the reporting period.

(III) FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are classified as current assets if expected to be settled within 12 months; otherwise, they are classified as non-current.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(CONTINUED)**

(i) FINANCIAL ASSETS (CONTINUED)

(IV) RECOGNITION AND MEASUREMENT

Regular way purchases and sales of financial assets are recognised on the trade-date – the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the consolidated income statement. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale investments and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method.

Gains or losses arising from changes in the fair value of the ‘financial assets at fair value through profit or loss’ category are presented in the income statement within ‘Other income and net gains’ in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the income statement as part of other income when the Group’s right to receive payments is established.

Changes in the fair value of monetary securities denominated in a foreign currency and classified as available-for-sale are analysed between translation differences resulting from changes in amortised cost of the security and other changes in the carrying amount of the security. The translation differences on monetary securities related to changes in amortised cost are recognised in the consolidated income statement and the other changes in fair value are recognised in other comprehensive income. Translation differences and other changes in fair value on non-monetary securities classified as available-for-sale are recognised in other comprehensive income.

When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the consolidated income statement as gains and losses from investment securities.

Interest on available-for-sale securities calculated using the effective interest method is recognised in the consolidated income statement as part of other income and net gains. Dividends on available-for-sale equity instruments are recognised in the consolidated income statement as part of other income and net gains when the Group’s right to receive payments is established.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value by using valuation techniques. These include the use of recent arm’s length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis and option pricing models, making maximum use of market inputs and relying as little as possible on entity-specific inputs.

(V) IMPAIRMENT OF FINANCIAL ASSETS

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its costs is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss – measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the consolidated income statement – is removed from equity and recognised in the consolidated income statement. Impairment losses recognised in the consolidated income statement on equity instruments are not reversed through the consolidated income statement. Impairment testing of receivables is described in note 2(k).

(j) INVENTORIES

Inventories of finished goods are stated at the lower of cost and net realisable value. Cost is determined using the first-in, first-out (FIFO) method. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(CONTINUED)**

(k) ACCOUNTS RECEIVABLE AND AMOUNTS DUE FROM FELLOW SUBSIDIARIES AND ASSOCIATES

The receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. The carrying amount of the assets is reduced through the use of an allowance account, and the amount of the loss is recognised in the consolidated income statement within administrative expenses. When a receivable is uncollectible, it is written off against the allowance account for accounts receivable. Subsequent recoveries of amounts previously written off are credited against administrative expenses in the consolidated income statement.

(l) CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown as a separate current liability in the consolidated statement of financial position.

Restricted and pledged bank deposits are not included in cash and cash equivalents.

(m) ACCOUNTS PAYABLE

Accounts payable are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Accounts payable are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

(n) BORROWINGS

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the consolidated income statement over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

(o) CURRENT AND DEFERRED INCOME TAX

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. However, deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(CONTINUED)**

(o) CURRENT AND DEFERRED INCOME TAX (CONTINUED)

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax is provided on temporary difference arising on investments in subsidiaries and associates, except for deferred income tax liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority.

(p) PROVISIONS

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

(q) FINANCIAL GUARANTEES

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the original or modified terms of a debt instrument. The Group does not recognise liabilities for financial guarantees at inception, but perform a liability adequacy test at each reporting date by comparing its carrying amount of the net liability regarding the financial guarantee with its present legal or constructive obligation amount. If the carrying amount of the net liability is less than its present legal or constructive obligation amount, the entire difference is recognised in the consolidated income statement immediately.

(r) LEASES

(I) THE GROUP IS THE LESSEE

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases.

Payments made under operating leases (net of any incentives received from the lessor), including upfront prepayment made for leasehold land and land use rights are charged to the consolidated income statement in accordance with the pattern of benefit provided or on a straight-line basis over the period of the lease term.

(II) THE GROUP IS THE LESSOR

When assets are leased out under an operating lease, the assets are included in the consolidated statement of financial position based on the nature of the assets. Lease income from operating lease is recognised over the term of the lease on a straight-line basis.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(CONTINUED)**

(s) LEASEHOLD LAND AND LAND USE RIGHTS

The Group made upfront payments to obtain operating leases of leasehold land and land use rights on which properties will be developed. Other than those classified as finance lease, the upfront payments of the leasehold land and land use rights are recorded as separate assets and amortised over the lease term in accordance with the pattern of benefit provided or on a straight-line basis over the lease term. The amortisation during the period of construction of the properties is capitalised as the cost of construction in progress. The amortisation during the period before the commencement and after the completion of the construction of the properties is expensed in the consolidated income statement.

(t) EMPLOYEE BENEFITS

(I) EMPLOYEE LEAVE ENTITLEMENTS

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(II) DEFINED CONTRIBUTION PLAN

A defined contribution plan is a pension plan which the Group pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expenses when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(III) DEFINED BENEFIT PLAN

A defined benefit plan is a pension plan that is not a defined contribution plan. Typically defined benefit plans define an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

The liability recognised in the consolidated statement of financial position in respect of defined benefit pension plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. When there is significant change to the plan and key assumptions, the defined benefit obligation will be recalculated by independent actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using government bonds yield that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation.

Remeasurements arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income and immediately recognised in retained profits in the year in which they arise.

The current service cost of the defined benefit plan, recognised in the income statement in employee benefit expense, except where included in the cost of an asset, reflects the increase in the defined benefit obligation results from employee service in the current year, benefit changes, curtailments and settlements.

Past-service costs are recognised immediately in income statements.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the income statement.

(IV) SHARE-BASED COMPENSATION

KPL operates an equity-settled, share-based compensation plan. Prior to the Global Offering, the fair value of the employee services received by the Group in exchange for the grant of the options is recharged by KPL and is recognised as an expense in the consolidated income statement of the Group.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES **(CONTINUED)**

(t) EMPLOYEE BENEFITS (CONTINUED)

(IV) SHARE-BASED COMPENSATION (CONTINUED)

Pursuant to the Global Offering, the Group has outstanding options granted under its pre-IPO share option schemes. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed over the vesting period is determined by reference to the fair value of the options granted, excluding the impact of any service and non-market performance vesting conditions (for example, profitability and sales growth targets). Non-market vesting conditions are included in assumptions about the number of options that are expected to vest. At the end of each reporting period, the Group revises its estimates of the number of options that are expected to vest. It recognises the impact of the revision of original estimates, if any, in the consolidated income statement with a corresponding adjustment to equity.

When the options are exercised, the Company issues new shares, the proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium.

(V) TERMINATION BENEFITS

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the entity recognises costs for a restructuring that is within the scope of HKAS 37 and involves the payment of termination benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(VI) BONUS PLANS

The Group recognises a liability and an expense for bonuses when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of such obligation can be made.

(u) TURNOVER RECOGNITION

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Turnover is shown net of value-added tax, returns and discounts and after eliminating sales within the Group.

The Group recognises turnover when the amount of turnover, cost incurred or to be incurred in respect of a transaction can be reliably measured, neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold are retained, it is probable that future economic benefits will flow to the Group and specific criteria have been met for each of the Group's activities as described below. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

- (i) Turnover from the provision of logistics services, including freight forwarding services, is recognised in the accounting period in which the services rendered, by reference to stage of completion of specific transaction and assessed on the basis of actual services provided as a proportion of the total service to be provided.
- (ii) Turnover from general storage and other ancillary services is recognised when the services are rendered. Turnover from leased storage is recognised on a straight-line basis over the periods of the respective leases.
- (iii) Turnover from sale of goods is recognised on the transfer of risks and rewards of ownership, which generally coincides with the time when the goods are delivered to customers and the passing of title.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(u) TURNOVER RECOGNITION (CONTINUED)

(iv) Dividend income is recognised when the right to receive payment is established.

(v) Interest income is recognised on a time proportion basis, using the effective interest method.

(v) DIRECT OPERATING EXPENSES

Direct operating expenses mainly represent the freight and transportation costs and direct labour costs directly attributable to the business operations of the Group, and are charged to the income statement in the year in which they are incurred.

(w) BORROWING COSTS

Borrowing costs are accounted for on the accrual basis and charged to the consolidated income statement in the year in which they are incurred, except for costs related to funding of construction or acquisition of qualifying assets which are capitalised as part of the cost of that asset during the construction period and up to the date of completion of construction. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

(x) CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resource will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that outflow is probable and the amount can be reliably estimated, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Group.

Contingent assets are not recognised but are disclosed in the notes to the consolidated financial statements when an inflow of economic benefits is probable. When inflow is virtually certain, an asset is recognised.

(y) SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors that makes strategic decisions.

(z) DIVIDEND DISTRIBUTION

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's consolidated financial statements in the year in which the dividends are declared by the Directors in the case of interim dividends or approved by the Company's shareholders in the case of final dividends.

3 FINANCIAL RISK MANAGEMENT

(a) FINANCIAL RISK FACTORS

The Group's major financial instruments include available-for-sale investments, investment in convertible bond, long-term receivables, accounts and other receivables, cash and bank balances, restricted and pledged bank deposits, accounts payable, put option written on non-controlling interests, bank overdrafts, bank loans, balances with group companies and related companies, balances with associates and loans from non-controlling interests. Details of these financial instruments are disclosed in respective notes.

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) FINANCIAL RISK FACTORS (CONTINUED)

Risk management is carried out by the Group's management under the supervision of the Board of Directors. The Group's management identifies, evaluates and manages significant financial risks in the Group's individual operating units. The Board of Directors provides guidance for overall risk management.

(I) MARKET RISK

(i) FOREIGN EXCHANGE RISK

Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency that is not the Group entities' functional currency.

The Group has certain investments in foreign operations, whose net assets are exposed to foreign exchange risk. At 31 December 2015, if major currencies such as Renminbi, Taiwan dollar and Euro, to which the Group had exposure had strengthened/weakened by 5% (2014: 5%) against HK dollar with all variables held constant, equity would have been approximately 2% (2014: 2%) higher/lower. Income in foreign currencies are generated from the Group's investments outside Hong Kong and cash in these foreign currencies are maintained in the relevant foreign currencies for operational needs. The Group ensures that its exposure to fluctuations in foreign exchange rates is minimised. Accordingly, no sensitivity analysis is performed as the impact would not be significant to the profit for the year. Management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure by using appropriate financial instruments when the need arises.

(ii) INTEREST RATE RISK

The Group is primarily exposed to cash flow interest rate risk due to the fluctuation of the prevailing market interest rate on bank deposits and bank borrowings which carry prevailing market interest rates. The Group has not entered into any interest rate swap contracts to hedge the exposure as the Board of Directors consider the risk is not significant.

Interest rate sensitivity

For the year ended 31 December 2015, if interest rates had increased/decreased by 25 basis points and all other variables were held constant, the profit of the Group would have decreased/increased by approximately HK\$12,925,000 (2014: HK\$10,639,000) resulting from the change in interest income on bank deposits and borrowing costs of bank borrowings.

(II) CREDIT RISK

The carrying amounts of cash and bank balances, restricted and pledged bank deposits, accounts receivable, amounts due from associates and fellow subsidiaries, investment in convertible bond and long-term receivables represent the Group's maximum exposure to credit risk in relation to financial assets. The Group reviews the recoverable amount of accounts receivable and amounts due from associates and fellow subsidiaries on a regular basis and an allowance for doubtful debts is made when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables.

In order to minimise the credit risk, management of the Company has delegated a team in each business unit responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each debtor at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the Directors of the Company consider that the Group's credit risk is adequately covered.

There is no concentration of credit risk with respect to accounts receivable from third party customers as the Group has a large number of customers which are internationally dispersed.

The Group monitors the exposure to credit risk in respect of the financial assistance provided to associates through exercising influence over their financial and operating policy decisions and reviewing their financial positions on a regular basis.

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) FINANCIAL RISK FACTORS (CONTINUED)

(II) CREDIT RISK (CONTINUED)

The credit risk on bank balances and restricted and pledged bank deposits is limited because the counterparties are banks with high credit rankings.

(III) LIQUIDITY RISK

Liquidity risk is the risk that the Group is unable to meet its current obligations when they fall due.

The Group measures and monitors its liquidity through the maintenance of prudent ratio regarding to the liquidity structure of the overall assets, liabilities, loans and commitments of the Group.

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. The Group aims to maintain flexibility in funding by keeping committed credit lines available.

The following tables detail the contractual maturity of the Group for financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

	Less than 1 year HK\$'000	Between 1 and 2 years HK\$'000	Between 2 and 5 years HK\$'000	Over 5 years HK\$'000	Total HK\$'000

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

(b) CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the loan and equity balance.

The Directors of the Company regularly monitor the capital structure, which consists of the equity attributable to the Company's shareholders as disclosed in the statement of financial position. The Directors of the Company could balance its overall capital structure through the payment of dividends, new share issues as well as the issue of new debt or the redemption of existing debt.

The Group monitors capital by maintaining prudent gearing ratio based on prevailing market environment and economic condition. This ratio is calculated as total bank loans and overdrafts, divided by equity attributable to the Company's shareholders.

The gearing ratios at 31 December 2015 and 2014 were as follows:

	2015 HK\$ million	2014 HK\$ million
Bank loans and overdrafts	5,217	4,303
Equity attributable to the Company's shareholders	15,429	14,671
Gearing ratio	33.8%	29.3%

The Group's overall strategy remains unchanged throughout the year. The increase was mainly attributable to the increase in new bank loans raised.

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

(c) FAIR VALUE ESTIMATION

The table below analyses financial instruments carried at fair value by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The following table presents the Group's financial investments that are measured at fair value as at 31 December 2015 and 2014:

	Level 1	Level 2	Level 3	Total
At 31 December 2015	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Assets				
Investment in convertible bond	–	–	351,689	351,689
Available-for-sale investments	57,467	–	48,150	105,617
Total assets	57,467	–	399,839	457,306
Liabilities				
Put option written on non-controlling interests	–	–	98,882	98,882

	Level 1	Level 2	Level 3	Total
At 31 December 2014	HK\$'000	HK\$'000	HK\$'000	HK\$'000
Available-for-sale investments	45,579	–	48,898	94,477

There were no transfers between levels during the year (2014: nil).

LEVEL 3 FINANCIAL INSTRUMENTS

The following table presents the changes in level 3 instruments.

As at 31 December 2015	Available-for-sale investments HK\$'000	Investment in convertible bond HK\$'000	Put option written on non-controlling interests HK\$'000
At beginning of year	48,898	–	–
Additions	1,819	349,021	103,501
Exchange adjustment	(2,567)	2,668	(4,619)
At end of year	48,150	351,689	98,882

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer.

There were no changes in valuation techniques during the year (2014: nil).

VALUATION PROCESSES OF THE GROUP

The Group's finance department includes a team that performs the valuation of financial assets required for financial reporting purposes, including level 3 fair values. Discussions of valuation processes and results are held between the management and the valuation team at each reporting date. Reasons for the fair value movements are explained during the discussions.

The following summarise the major methods and assumptions used in estimating the fair values of the significant assets and liabilities classified as level 3 and the valuation process for assets and liabilities classified as level 3.

INVESTMENT IN CONVERTIBLE BONDS

The Group established fair value of investment in convertible bonds by using binomial method. The unobservable inputs of the valuation include fair value of the equity interest, historical volatility and effective discount rate by reference to other investments that are substantially the same.

AVAILABLE-FOR-SALE INVESTMENTS

The Group established fair value of unlisted available-for-sale investments by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis and option pricing models, making maximum use of market inputs and relying as little as possible on entity-specific inputs.

3 FINANCIAL RISK MANAGEMENT (CONTINUED)

(c) FAIR VALUE ESTIMATION (CONTINUED)

PUT OPTION WRITTEN ON NON-CONTROLLING INTERESTS

The Group established fair value of written put option liabilities by using valuation techniques. These include the use of assumptions of estimated exercise price determined by the estimated performance of the newly acquired subsidiaries, estimated time to exercise, discount rate and volatility.

FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES MEASURED AT AMORTISED COST

The fair value of the following financial assets and liabilities approximate their carrying amount as at 31 December 2015 and 2014:

- Accounts receivable, deposits, other receivables, long-term receivables and amounts due from fellow subsidiaries
- Cash and bank balances
- Accounts payable, accrued charges and amounts due to fellow subsidiaries and related companies
- Bank loans and overdrafts

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period are discussed below.

(I) ESTIMATE OF FAIR VALUE OF INVESTMENT PROPERTIES

The valuation of investment properties is performed in accordance with the 'The HKIS Valuation Standards on Properties ((First Edition 2005) and (2012 Edition))' published by the Hong Kong Institute of Surveyors and the 'International Valuation Standards' published by the International Valuation Standards Committee. The

valuation is performed by qualified valuers by adopting the investment approach of valuation by considering the capitalised rental income derived from the existing tenancies with due provision for any reversionary income potential of the property interests at appropriate capitalisation rates or wherever appropriate the direct comparison approach by making reference to comparable sales evidence as available in the relevant market subject to suitable adjustments between the subject properties and the comparable properties including but not limited to location, time, size, age and maintenance standard etc.

For certain investment properties in Vietnam, due to the specific nature and restricted use of the buildings and structures, and absence of relevant market evidence, the qualified valuers have valued the property interests by reference to the Depreciated Replacement Cost ("DRC"). DRC is based on an estimate of the market value for the existing use of the land (which is by reference to relevant land sales comparables subject to appropriate adjustments including but not limited to location, time, size etc.), plus the current gross replacement (reproduction) costs of the improvements, less allowances for physical deterioration and all relevant forms of obsolescence and optimisation. The values are subject to service potential of the entity from the use of assets as a whole.

(II) INCOME TAXES

The Group is subject to income taxes in numerous jurisdictions. Significant judgement is required in determining the worldwide provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain. The Group recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the year in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognised when management considers it probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

(a) CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS (CONTINUED)

(III) ESTIMATED IMPAIRMENT OF GOODWILL

The Group tests whether goodwill (note 13) has suffered any impairment, in accordance with the accounting policy stated in note 2(g)(l). The recoverable amounts of cash-generating units have been determined based on value-in-use calculations or fair value less costs to sell. These calculations require the use of estimates. The key assumptions and sensitivity test was disclosed in note 13.

(IV) USEFUL LIVES OF PROPERTY, PLANT AND EQUIPMENT

The Group's management determines the estimated useful lives and related depreciation charges for its property, plant and equipment. This estimate is based on the historical experience of the actual useful lives of the property, plant and equipment of similar nature and functions. Management will change the depreciation charge where useful lives are different from the previously estimated lives. It will also write-off or write down technically obsolete or non-strategic assets that have been abandoned or sold.

(V) IMPAIRMENT OF NON-FINANCIAL ASSETS

Management regularly reviews whether there are any indications of impairment and will recognise an impairment loss if the carrying amount of an asset, including property, plant and equipment, leasehold land and land use rights, is lower than its recoverable amount which is the greater of its fair value less costs to sell or its value in use. In determining the value in use, management assesses the present value of the estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Estimates and judgements are applied in determining these future cash flows and the discount rate. Management estimates the future cash flows based on certain assumptions, such as market competition and development and the expected growth in business.

(VI) IMPAIRMENT OF INTANGIBLE ASSETS WITH A DEFINITE USEFUL LIFE

Intangible assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Intangible assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(VII) IMPAIRMENT OF ASSOCIATES

The Group determines whether an investment in associates is impaired by evaluating the duration and extent to which the recoverable amount of the investment is less than its carrying amount. This evaluation is subject to changes in factors, such as industry and sector performance and operational cash flows.

(VIII) RETIREMENT BENEFIT OBLIGATIONS

The present value of the retirement benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate and future salary. Any changes in these assumptions will impact the carrying amount of retirement benefit obligations.

The Group determines the appropriate discount rate at the end of each reporting period. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the defined benefit obligations. In determining the appropriate discount rate, the Group considers the interest rates of government bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating the terms of the related retirement benefit liability.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

(b) CRITICAL JUDGEMENTS IN APPLYING THE GROUP'S ACCOUNTING POLICIES

(i) DISTINCTION BETWEEN INVESTMENT PROPERTIES AND OWNER-OCCUPIED PROPERTIES

The Group determines whether a property qualifies as investment property. In making its judgement, the Group considers whether the property generates cash flows largely independently of the other assets. Owner-occupied properties generate cash flows that are attributable to the property and other assets used in the production or supply process.

Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the supply of goods or services or for administrative purposes. If these portions can be sold separately (or leased out separately under a finance lease), the Group accounts for the portions separately. If the portions cannot be sold separately, the property is accounted for as investment property only if an insignificant portion is held for use in the supply of goods or services or for administrative purposes. Judgement is applied in determining whether ancillary services are so significant that a property does not qualify as investment property. The Group considers each property separately in making its judgement at the end of each reporting period.

(ii) CONTROL IN KERRY TJ LOGISTICS COMPANY LIMITED ("KERRY TJ")

The Group has obtained de facto control over Kerry TJ since mid 2010 and the Group's effective interest in Kerry TJ as at 31 December 2015 (48.04%) is accounted for and consolidated into the consolidated financial statements of the Group as a subsidiary. Key judgements adopted in concluding the Group has obtained de facto control in Kerry TJ are as follows:

- The Group has consistently and regularly held a majority of the voting rights exercised at Kerry TJ's shareholders' meetings and no other single shareholder directly or indirectly controls more voting rights than the Group.

- The shareholding of other non-controlling interests is dispersed and the chance of all other shareholders getting together to vote against the Group is remote.
- The Group has obtained effective control over majority of the board of Kerry TJ (four out of seven board seats) since mid 2010.
- The Group has obtained the support from another major shareholder since mid 2010.

5 PRINCIPAL ACTIVITIES AND SEGMENTAL ANALYSIS OF OPERATIONS (CONTINUED)

(c) Management has determined the operating segments based on the reports reviewed by the executive directors. The executive directors assess the performance of the three principal activities of the Group, namely logistics operations, Hong Kong warehouse and international freight forwarding, in each geographical area.

Logistics operations segment derives turnover from provision of logistics services and sales of goods.

Hong Kong warehouse segment derives turnover from provision of warehouse leasing, general storage and other ancillary services.

International freight forwarding segment derives turnover primarily from provision of freight forwarding services.

Segment turnover and profit derived from geographical areas are based on the geographical location of the operation.

The executive directors assess the performance of the operating segments by geographical area based on segment profit.

The executive directors also assess the performance of the Group based on core operating profit, which is the profit before taxation excluding interest income, finance costs, share of results of associates, and also core net profit, which is the profit attributable to the Company's shareholders before the after-tax effect of change in fair value of investment properties.

Prior year corresponding segment information that is presented for comparative purposes has been reclassified to conform to reclassification of operations in cross-border logistics business in South & South East Asia from international freight forwarding segment to logistics operations segment adopted in the current year.

(d) An analysis of the Group's non-current assets by geographical area is as follows:

IMPAIRMENT TESTS FOR GOODWILL

Goodwill is allocated to the Group's cash-generating units (CGUs) that are expected to benefit from business combination and impairment testing is performed annually on goodwill allocated to their operating segments and CGUs.

A segment-level summary of the goodwill allocation based on geographical regions is presented below:

	2015 HK\$'000	2014 HK\$'000
Logistics operations		
Hong Kong	52,302	32,837
PRC	199,301	202,966
Taiwan	317,433	330,777
South and South East Asia	168,423	153,558
Others	10,024	11,238
	747,483	731,376

Others	346,161	80,134
	1,209,419	1,002,673
	1,956,902	1,734,049

The recoverable amount of a CGU is determined based on higher of its fair value less costs to sell and value-in-use calculations. The recoverable amounts of all CGUs were determined based on value-in-use calculation except for Taiwan which was determined based on fair value less costs to sell with reference to the market share price of the subsidiary which is listed in Taiwan. The value-in-use calculations use cash flow projections based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period are extrapolated using the estimated growth rates stated below:

KEY ASSUMPTIONS USED FOR VALUE-IN-USE CALCULATIONS (CONTINUED)

Management determined budgeted gross margin and growth rates based on past performance and its expectations of the market development. The discount rates used are pre-tax and reflect specific risks relating to the relevant segments. Assuming growth rate decreased by 50 basis points and discount rate increased by 50 basis points, impairment charge of HK\$9,420,000 (2014: HK\$22,186,000) would be required for the goodwill in the South and South East Asia at 31 December 2015.

Valuation processes of the Group

The Group measures its investment properties at fair value. The investment properties were revalued by DTZ Debenham Tie Leung Limited, independent qualified valuer not related to the Group, who hold a recognised relevant professional qualification and has recent experience in the locations and segments of the investment properties valued at 31 December 2015. For all investment properties, their current use equates to the highest and best use.

The Group's finance department includes a team that review the valuations performed by the independent valuer for financial reporting purposes. This team reports directly to the senior management and the Audit and Compliance Committee. Discussions of valuation processes and results are held between the management and valuer at least once every six months, in line with the Group's interim and annual reporting dates.

At each financial year end, the finance department:

- verifies all major inputs to the independent valuation report;
- assesses property valuations movements when compared to the prior year valuation report; and
- holds discussions with the independent valuer.

Valuation techniques

Fair value of investment properties in Hong Kong, PRC and overseas are generally derived using the income capitalisation method and wherever appropriate, by direct comparison method. Income capitalisation method is based on the capitalisation of the net income and reversionary income potential by adopting appropriate capitalisation rates, which are derived from

analysis of sale transactions and valuer's interpretation of prevailing investor requirements or expectations. The prevailing market rents adopted in the valuation have reference to recent lettings, within the subject properties and other comparable properties. Direct comparison method is based on comparing the property to be valued directly with other comparable properties, which have recently transacted.

Significant unobservable inputs used to determine fair value

Capitalisation rates are estimated by valuer based on the risk profile of the investment properties being valued. The higher the rates, the lower the fair value.

Prevailing market rents are estimated based on recent lettings for Hong Kong, PRC and overseas investment properties, within the subject properties and other comparable properties. The lower the rents, the lower the fair value.

The capitalisation rates used are as follows:

	2015 HK\$'000	2014 HK\$'000
Capitalisation rate	6% – 9.5%	5.5% – 10%

The following tables show the increase/(decrease) of the fair value of the investment properties if the capitalisation rate was to increase or decrease by 10%.

	2015 HK\$'000	2014 HK\$'000
Decrease of capitalisation rate by 10%	757,300	691,400
Increase of capitalisation rate by 10%	(614,100)	(549,600)

Increase of reversionary income by 10%	620,000	573,700

(e) Leasing arrangements:

The Group leases various offices and warehouses to tenants under non-cancellable operating lease agreements with rentals receivable monthly. The lease terms are mainly between 1 year and 5 years, and the majority of lease agreements are renewable at the end of the lease period at market rates. No contingent rents are recognised during the year (2014: nil).

Minimum lease payments receivable on leases of investment properties are as follows:

19. INVESTMENT IN CONVERTIBLE BOND

On 16 January 2015, KLN (Singapore) Pte. Ltd. (“KLN Singapore”), a wholly owned subsidiary of the Company, entered into a convertible bond subscription deed with PT Puninar Saranaraya (“PT Puninar”) currently an associate to the Group and the ultimate beneficial owner of one of the shareholders of PT Puninar, whereby KLN Singapore would subscribe for the convertible bond with 6% coupon rate per annum due on 30 April 2017 (“Maturity Date”) issued by the ultimate beneficial owner of one of the shareholders of PT Puninar in the amount of US\$45,000,000 (approximately HK\$349,021,000) (“Principal Amount”). KLN Singapore may at any time up to the date which is one month prior to the Maturity Date, convert all of the Principal Amount of the convertible bond it holds into issued shares in the ultimate beneficial owner of one of the shareholders of PT Puninar. The issuers have the right to serve a mandatory conversion notice on KLN Singapore to convert the Principal Amount of the convertible bond to issued shares in the ultimate beneficial owner of one of the shareholders, which is subject to the achievement of certain key performance indicators by PT Puninar. Upon completion of the conversion of the convertible bond, KLN Singapore will own an aggregate of 40% indirect interest in the total issued share capital of PT Puninar, including the 15% indirect interest acquired in 2015 for a consideration of US\$16,000,000.

The convertible bond contain embedded derivatives which are not closely related to the host contract. The entire combined contract has been designated as financial assets at fair value through profit or loss on initial recognition which were determined in accordance with the binomial model. The fair value of the convertible bond is determined by reference to the valuation carried out on 31 December 2015 by RSM Nelson Wheeler Consulting Limited (“RSM”). RSM is an independent qualified professional valuer not connected with the Group and has appropriate qualifications and recent experience in the valuation of similar convertible bond. The major input of the binomial model is the fair value of the equity interest of PT Puninar derived by income approach, which is used as the stock price input into the binomial model.

Notes:

- (a) The ageing analysis of the trade receivables based on date of the invoice and net of provision for impairment were as follows:

	2015 HK\$'000	2014 HK\$'000
Below 1 month	2,173,408	2,204,590
Between 1 month and 3 months	1,186,080	1,278,167
Over 3 months	308,803	211,094
	3,668,291	3,693,851

There is no concentration of credit risk with respect to trade receivables, as the Group has a large number of customers. Trade receivables that were neither past due nor impaired represents those due from counterparties with good credit history and low default rate.

Trade receivables that are less than three months past due are not considered impaired. As of 31 December 2015, trade receivables of HK\$1,378,731,000 (2014: HK\$1,165,566,000) were past due but not impaired. These relate to a number of independent customers of whom there is no recent history of default. The ageing analysis of these trade receivables based on due date is as follows:

	2015 HK\$'000	2014 HK\$'000
Up to 3 months	1,235,927	1,120,934
Over 3 months	142,804	44,632
	1,378,731	1,165,566

21 ACCOUNTS RECEIVABLE, PREPAYMENTS AND DEPOSITS (CONTINUED)

Notes: (Continued)

- (b) As of 31 December 2015, trade receivables of HK\$76,066,000 (2014: HK\$56,206,000) were impaired and fully provided. The individually impaired receivables mainly relate to those customers which are in unexpected difficult financial situations.

Movements on the provision for impairment of receivables are as follows:

	2015 HK\$'000	2014 HK\$'000
At beginning of year	56,206	62,871
Provision for impairment of receivables	32,012	26,361
Reversal of provision	(5,384)	(14,819)
Receivables written off during the year as uncollectible	(3,545)	(15,069)
Exchange adjustment	(3,223)	(3,138)
At end of year	76,066	56,206

- (c) The balances of the Group mainly comprise prepaid rent and freight and transportation costs.
- (d) The balances of the Group mainly comprise rental deposits and deposits to suppliers.
- (e) The balances of the Group mainly comprise temporary payment made on behalf of the customers.
- (f) The carrying amounts of the accounts receivable, prepayments and deposits are denominated in the following currencies:

	2015 HK\$'000	2014 HK\$'000
Renminbi	2,067,884	1,970,715
Hong Kong dollar	835,638	764,940

Vietnamese Dong	61,334	67,332
Other currencies	460,060	197,693
	4,891,331	4,734,507

- (g) The carrying amount of accounts receivable approximates the fair value of these balances. The provision and reversal of provision for impairment of receivables have been included in direct operating expenses in the consolidated income statement. Amounts charged to the allowance account are written off when there is no expectation of recovery.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivables mentioned above.

22 BALANCES WITH GROUP COMPANIES

The balances with group companies are unsecured, interest-free and have no fixed terms of repayment. They are denominated mainly in Hong Kong dollars.

Note:

Amounts due to non-controlling interests of HK\$40,073,000 was included in the amounts due to related companies. The balance are denominated in United States dollar.

24 ACCOUNTS PAYABLE, DEPOSITS RECEIVED AND ACCRUED CHARGES (CONTINUED)

(e) Pursuant to sale and purchase agreements entered into between the Group with Total Logistics Partner (TLP) Ocean Consolidators Inc. and Total Logistics Partner (TLP) Air Express Inc. (collectively “TLP”) and Saison Food Service Limited (“Saison”) respectively, the Group has granted put options which entitle the non-controlling interests of TLP and Saison to sell the remaining interests to the Group. The TLP put option will be exercisable between 2019 to 2023 and the Saison put option will be exercisable in May of each year from 2016 to 2021. The financial liability that may become payable under the put option is initially recognised at fair value within other non-current liabilities with a corresponding charge directly to equity, as a put option written on non-controlling interest. The put option liability shall be re-measured at its fair value resulting from the change in the expected performance of TLP and Saison at each balance sheet date, with any resulting gain or loss recognised in the consolidated income statement. In the event that the put option lapses unexercised, the liability will be derecognised with a corresponding adjustment to equity.

Notes:

- (a) Capital reserve of the Group arose from the Group's reorganisation in preparation for the listing of Kerry Properties Limited, its fellow subsidiary, on the Stock Exchange of Hong Kong Limited in August 1996, adjusted by the excess or deficit of the fair values of the net assets of subsidiaries and associates subsequently acquired over the cost of investment at the date of acquisition before 1 January 2001.
- (b) Enterprise expansion and general reserve funds are set up by a subsidiary established and operating in the PRC. According to the PRC Foreign Enterprise Accounting Standards, upon approval, the enterprise expansion reserve fund may be used for increasing capital while the general reserve fund may be used for making up losses and increasing capital.
- (c) The acquisition reserve arose from the acquisition of additional interest or disposal of interest in subsidiaries that do not result in a change of control by the Group, and represents any differences between the amount by which the non-controlling interests are adjusted (to reflect the changes in the interests in the subsidiaries) and the fair value of the consideration paid or received.

29 DEFERRED TAXATION

The analysis of deferred tax assets and deferred tax liabilities is as follows:

	2015 HK\$'000	2014 HK\$'000
Deferred tax assets		
– Deferred tax asset to be recovered after more than 12 months	(63,431)	(58,994)
Deferred tax liabilities		
– Deferred tax liability to be settled after more than 12 months	623,800	600,521
Deferred tax liabilities (net)	560,369	541,527

The movement on the deferred income tax account is as follows:

	2015 HK\$'000	2014 HK\$'000
At beginning of year	541,527	508,138
Acquisition of subsidiaries (note 32)	9,143	–

Exchange adjustment	(14,995)	(12,247)
At end of year	560,369	541,527

Deferred income tax assets are recognised for tax losses carried forward to the extent that the realisation of the related tax benefit through future taxable profits is probable. As at 31 December 2015, the Group has unrecognised tax losses of HK\$322,768,000 (2014: HK\$414,097,000). These tax losses have no expiry dates except for the tax losses of HK\$163,907,000 (2014: HK\$198,310,000) which can be carried forward up to a maximum period of 9 years.

As at 31 December 2015, the aggregate amount of unrecognised deferred tax liabilities associated with undistributed earnings in subsidiaries totalled approximately HK\$58,922,000 (2014: HK\$87,014,000), as the Directors consider that the timing of reversal of the related temporary differences can be controlled and the temporary differences will not reverse in the foreseeable future.

30 RETIREMENT BENEFITS

The Group operates various pension schemes. The schemes are funded through payments to independent trustee-administered funds. The Group has both defined contribution and defined benefit plans during the year.

(a) DEFINED CONTRIBUTION PLANS

Pursuant to the Mandatory Provident Fund Schemes Ordinance (Chapter 485 of the Laws of Hong Kong) (the “MPF Ordinance”), companies within the Group in Hong Kong have enrolled all employees in Hong Kong aged between 18 and 65 into a mandatory provident fund scheme (the “MPF Scheme”) from 1 December 2000.

The MPF Scheme is a master trust scheme established under a trust arrangement and governed by laws in Hong Kong. The assets of the MPF Scheme are held separately from the assets of the employer, the trustees and other service providers. Contributions are made to the MPF Scheme by the employers at 5% of the employees’ relevant income as defined in the MPF Ordinance up to a maximum of HK\$1,500 (prior to 1 June 2014: HK\$1,250) per employee per month (the “MPF Contribution”). The employees also contribute a corresponding amount to the MPF Scheme if their relevant income is HK\$7,100 (prior to 1 June 2014: HK\$6,500) per month or more. The MPF Contributions are fully and immediately vested in the employees as accrued benefits once they are paid to the approved trustees of the MPF Scheme. Investment income or profit derived from the investment of accrued benefits (after taking into account any loss arising from such investment) is also immediately vested in the employees.

Certain companies within the Group are also participants of the Kerry Trading Co. Limited – Provident Fund Scheme (the “Fund”) which is a defined contribution scheme as defined in the Occupational Retirement Schemes Ordinance (Chapter 426 of the Laws of Hong Kong). The Fund is for certain salaried persons (the “Fund Members”) under the employment of the companies participating in the Fund. The assets of the Fund are managed by the trustees of the Fund. Contributions are made to the Fund by companies participating in the Fund at 10% of the Fund Members’ monthly basic salaries up to a maximum of HK\$10,000 (2014: HK\$10,000) per Fund Member per month (the “Basic Contribution”) less the MPF Contribution if the Basic Contribution is higher than the MPF Contribution. Fund Members are entitled to 100% of the employers’ contributions to the Fund plus investment earnings upon leaving employment after completing ten years of service or more, or upon retirement after attaining the retirement age after any number of years of service, or upon retirement due to ill health. Fund Members are also entitled to the employers’ contributions to the Fund plus investment earnings calculated at a reduced scale of between 20% and 90% after completing a period of service of at least two but less than ten years. The unvested benefits of employees terminating employment forfeited in accordance with the terms of the Fund can be utilised by the companies participating in the Fund to reduce future contributions. Such forfeited contributions utilised during the year as well as the unutilised forfeited contributions available at the year end to reduce future contributions are minimal.

The subsidiaries operating in the PRC and overseas participate in the defined contribution retirement schemes as required by the relevant local government authorities. The Group is required to make contributions at a certain percentage of employees’ salary in accordance with the schemes set up by the PRC and overseas subsidiaries and/or under statutory requirements.

35 SHARE OPTIONS (CONTINUED)

KLN SHARE OPTIONS SCHEMES (CONTINUED)

(a) 2013 PRE-IPO SHARE OPTION SCHEME (CONTINUED)

Notes: (Continued)

- (iv) The weighted average fair value of the share options granted on 2 December 2013 to the directors and employees of the Group was HK\$1.19 per share. The valuation was based on a Binomial Model with the following data and assumptions:

Share price at grant date: HK\$8.16
Exercise price: HK\$10.2
Expected volatility: 30% per annum
Share options life: 10 years
Average risk-free interests rate: 2.11% per annum
Expected dividend yield: 3.35% per annum

Notes:

- I It was determined based on historical share price movement.
II It is taken to be equal to the yield of Hong Kong government bonds over the exercise period.

The valuation has also taken into account the assumed rate of leaving service of 10% per annum and the assumption of early exercise of the share options by the optionholders when the share price is at least 180% of the exercise price.

The value of the share options varies with different values of certain subjective assumptions. Any change in the variables so adopted may materially affect the estimation of the fair value of the share options.

(b) 2013 POST-IPO SHARE OPTION SCHEME

The 2013 Post-IPO Share Option Scheme was adopted by the Company on 25 November 2013 and became effective on 19 December 2013 and, unless otherwise cancelled or amended will remain in force for 10 years from that date.

Under the 2013 Post-IPO Share Option Scheme, the Directors of the Company may, at their absolute discretion, grant share options to motivate executives and key employees and other persons who may make a contribution to the Group, and enables the Company to attract and retain individuals with experience and ability and to reward them for their contributions.

The maximum number of the Company's shares which may be issued upon exercise of all options to be granted under the Post-IPO Share Option Scheme and any other scheme of the Company shall not in aggregate exceed 30% of the total number of shares in issue.

The exercise period of the share options granted is determinable and notified by the directors, and may commence after the date of grant but shall not be later than 10 years from the date of grant.

The exercise price of the share options must be at least the highest of (i) the nominal value of an ordinary share on the date of grant; (ii) the closing price of the Company's shares on the date of the offer of the share options; and (iii) the average closing price of the Company's shares for the five trading days immediately preceding the date of the offer.

Share options do not confer rights on the holders to dividends or to vote at shareholders' meetings.

On 9 January 2015, a total of 4,350,000 share options were granted under the Post-IPO Share Option Scheme. Out of which, 2,175,000 share options are exercisable during the period from 9 January 2015 to 8 January 2020 and 2,175,000 share options are exercisable during the period from 9 January 2016 to 8 January 2020.

A total of 100,000 share options were exercised and a total of 100,000 share options were lapsed during the year ended 31 December 2015. As at 31 December 2015, a total of 4,150,000 share options were outstanding.

The weighted average fair value of share options granted on 9 January 2015 to the directors and employees of the Group was HK\$1.95 per share. The valuation was based on a Binomial Model with the following data and assumptions:

Share price at grant date: HK\$12.18
Exercise price: HK\$12.26
Expected volatility: 20% per annum
Share options life: 5 years
Average risk free interests rate: 1.24% per annum
Expected dividend yield: 1.40% per annum
